

BRIDE OF CHRIST - THE FINAL COMMISSION

PENTECOSTAL PATTERNS OF THE PROPHETIC INTERMISSION

One day, the Church Age will cease. This is predicated on the having the full measure of the Gentiles grafted in to the Plane of Salvation found in the Messiah, Jesus Christ. The Church Age has been about the Dispensation of Grace whose foundation is 'who so ever calls on the Name of LORD Jesus will be saved'. This was commenced on Pentecost and perhaps it will be consummated at such a similar time. The Church of Christ Jesus that is euphemism also of 'His Body' has been given the Great Commission. This Commission is based on the authority of the resurrected Jesus Christ, the New Covenant and the indwelling of the Holy Spirit for such test to take the Gospel of repentance and the Kingdom to come to the whole world in each of the 7 prophetic generations of the Church. The Head of the Church is Jesus as Jesus' head is the Father. The Church during this intermission of Israel's suspension of prophetic witness is fast coming to a close. This study suggests that the Commissions cannot overlap once the LORD commissions the 144000 Jewish Evangelists and the 2 Witnesses. The New Testament alludes to his conclusion of the Church's Commission as Jesus Christ promised to be with His Church until the end of the Age or dispensation. Once the Bride is Raptured, the suspension of Israel's judgment by way of the 144k and the 2 Witnesses will conclude the duration of Israel's judgment as some interpret the Prophecy of Daniel. This subsequent time for Israel is referred to as the Time of Jacob's Trouble. It will be a time remaining to complete Israel's redemption and transformation because only then at the end will Israel finally see and say Blessed is He that comes in the Name of the LORD, that is Jesus at His 2nd Coming. Based on Zachariah 12-14. The following is a speculative calculation based on this assertion that the Church's Commission is about to end. It is time interval between Temples, between Pentecost's. The calculations are not emphatically stated that the Rapture will occur on Pentecost or that it as to be a specific year but the bench mark for such an assertion will be pegged on the crucifixion year of 32 AD as some calculate it. The blood moon of April 14 will be pegged on the Tetrad Blood moons that also stated on April 14. 2015. Perhaps the end of the Church Age is to be somehow related to the Tetrad that correlates to the feasts of YHVH. From this time forward as now many have calculated no such Tetrads will have the 4 corresponding feasts synchronized in a row. Based on this celestial parameter, several mathematical year calculations will be presented for observation.

TETRAD

2014 on Apr 14 | Nissan 5774 on Passover
 2014 on Oct 08 | Tishri 5775 on Sukkot
 2015 on Apr 04 | Nissan 5775 on Passover
 2015 on Sep 28 | Tishri 5776 on Sukkot

PASSOVER ECLIPSES

APR 14, 32 AD to APR 14, 2014 last & 7th Tetrad = 1982 years exactly
 APR 14, 32 AD Crucifixion to end of Tetrad SEP 28, 2015 = 1983 y 6m 14d

START OF CHURCH AGE

APR 18, 32 AD Resurrection + 50th Day Pentecost = June 7, 32 AD
 JUN 07, 32 AD Pentecost to May 24, 2015 Pentecost = 1983 years
 MCMLXXXII = 1982 and 82rd year of the 20th Century

70 AD - 32 Crucifixion and Beginning of Church = 38 years
 38 years is the time after the Crucifixion and Resurrection and Church at Pentecost that the 2nd Temple was destroyed on the 9th of Av.

JUN 07, 32 AD Pentecost + 1949 years = 1917 Liberation of Jerusalem
 1917 - 1948 = 30th year (duration of astronomical/geometric season)
 1917 + 49th Year = 1967 Liberation of Jerusalem Temple Mount
 JUN 07, 32 AD + 1967 Temple Mount = June 7, 1999
 40 year Testing x 50 Jubilee count = 2000 years (Church Age)
 APR 14, 32 AD - APR 14, 2014 = 1982 year difference
 1982 years to 2000 = difference of 18 years (6-6-6)
 2014-15 Tetrad - 1982 coefficient = 32 (crucifixion year/age of AntiChrist?)

Realize that this study presents the case that the Church Age is about to conclude in this generation. This is based on 2 possible confirming sign validating this time-span that is based on an astronomical Blood Moon and solar eclipse correlation. The 1st correlation is from the midnight Blood Moon of 32 AD that this study suggests is in fact when the crucifixion occurred, to the start of the 1st Blood Moon of the 2014-15 Tetrad, exactly 1983 years. The 2nd correlation is that no other Tetrad before or after has a total solar eclipse exactly o the Spring Equinox that is also the New Year. What the point is that the Tetrad of 2014-15 might very well be the one that is to precede the Day of the LORD as foretold by the prophet Joel as a partial solar eclipse occurs on the Rosh HaShana. This is in essence a 'code' for a beginning and end duration of time.

There are other Tetrads that occur after 2014-15 as the ones in 2032, 2043, 2061, etc., but none but the 2061-62 Tetrad have the consecutive 4 Feast days of YHVH occurring, yet it does not have a total solar eclipse occurring in between the 2 sets of Blood Moons on a New Year nor Equinox. Thus the point is that the various subsequent
