**September Meeting:**

John opened the meeting @ 7:00 PM.  
There were 11 members in attendance.

Jerry read his treasurers report; and,  
we are looking good.

No Minutes.

For new members the Club Web Site is  
as follows: <http://www.lrccky.com> The  
Newsletter is now open and also posted  
on our Facebook Page for all to enjoy.

**Old Business:**

The muffler on the 12 year old mower  
has rusted out. Jim Rippy found a  
place to buy an aftermarket unit for a  
much cheaper price. He was given  
approval to purchase this.

**New Business:**

It is time for nominations of club officers  
and three board members. It is  
absolutely necessary for us to have  
these officers and board members to  
remain an AMA certified field and to be  
able to keep our club on park property.  
Please consider stepping up and  
volunteering. We have current officers  
that have been doing this for many  
years and will not be doing it next year.  
Please let one of the current officers  
know if you would be willing to help the  
club.

Due to the cost of the new mower and that  
we must pay it off in 18 months to get zero  
interest it was proposed that we add a  
ONE TIME assessment to the 2017 dues  
of \$20 per member to help pay off the  
debt. If we ask for donations it will fall on  
a few and the field equipment is a must for  
all to be able to fly. All members at the  
meeting were in agreement to have this  
ONE YEAR ONLY assessment. This is  
pending board approval which they will be  
polled in the coming weeks. Even with  
this assessment, we are still the most  
affordable club in the area.

Jerry has club window decals, made out of  
vinyl, which his daughter makes. They are  
really nice! They sell for \$12.

It was brought up if we wanted to do Toys-  
for-Tots again this year. The members  
present all agreed to this. You can donate  
money or toys to any club officer at any  
club meeting or at the field. All donations  
must be done prior to our December  
meeting / Christmas party.

John is going to call the Aero Club to  
schedule a date for our December  
meeting and Christmas party. As soon as  
he can schedule this he will let the  
members know so you can put it on your  
calendar.

John is stepping down as president to let  
some new blood have a crack at it. John  
will continue the website and other tasks  
he has been performing for the club along  
with picking up the news letter.

### What New?

Gary brought a Hobby King Tundra. He is going to use this plane for both FPV and as a trainer. This plane is very easy to fly but can still do aerobatics. It comes with two battery covers. One is a cockpit and the other is for mounting FPV gear. You simply switch to what type of flying you want to do. The \$10 was donated back to the club.

### 50/50:

None

Meeting was adjourned at 7:28 pm.

LRCC would like to extend a special Thank You to Sonny Forrest for all his dedication and service over the years to the LRCC family.

*Thank You!*

And let's also not forget a big Thank You for everyone that keeps the field flyable throughout the year. You all do a Great Job.

**THANK YOU!!!**

### Reminders:

AMA cards with the Club sticker must be displayed on ones person while flying at the field. There are card sleeves in the Club house in the file cabinet second drawer for members to use to pin or clip on. This helps verify AMA insurance and Club membership.

Thank you for your compliance.

Guest may fly on three separate occasions before being required to join to fly as a Club member.

**November** meeting will start the winter schedule at the Aero Club at 7:30 PM.

Note the discount after midyear only applies to new members.

### Club Merchandise:

Jerry has hats \$10, shirts \$12, \$16 depending on size for sale at every meeting. If you have specific requests, contact an officer.

Jerry now has club window decals, made out of vinyl, which his daughter makes. They are really nice! They sell for \$12.
