HAPPY NEW YEAR AND THE BEST TO YOU, OUR NEIGHBORS, DURING THE COMING YEAR!

OUR ANNUAL MEETING WILL BE WED. FEB 20th. AT 5 PM. THERE WILL BE THREE (3) POSITIONS OPEN FOR THE BOARD. WE HOPE YOU'VE THROWN YOUR HAT INTO THE RING AND WILL RUN FOR ONE OF THOSE POSITIONS.

ALSO, VOLUNTEERS ARE NEEDED FOR THE UPCOMING SUNDAY BREAKFASTS & POTLUCK DINNERS, IN JAN, FEB AND MAR. BECAUSE PAT & DORIS ARE NOW TEXAS SNOWBIRDS, MICHELE MARLER HAS VOLUNTEERED TO TAKE CHARGE OF THE SUNDAY BREAKFASTS. (605)484-6387 AND PEG HAYNES (928)453-9118 WITH THE POTLUCK DINNERS.

A REMINDER: The board has had several complaints recently regarding the "alleyway" behind your home. This area must be kept vehicle free at all times in order to accommodate any delivery truck, meter reader, or neighbor safe passage. Please do not pile dirt, or rocks, etc. in this area nor let shrubs, trees and other impediments bar access to this roadway. Thank you.

FROM: President Barry Rutledge

Please respect your neighbors.

A reminder for all Havasu Garden Estates residents in regards to some laws for wildlife & pets in Mohave County:

It is against Mohave County laws to feed wildlife. Wildlife includes wild birds, burrows, rabbits, coyotes, and any other types of wildlife. We've had a number of concerns reported to the board about the excessive amount of rats and raccoons on their property/neighborhood.

And that's part of what happens when you feed the wildlife. Coyotes on their own..will jump a fence WHEN they can and WILL catch your cat or your small dog just because they could.

Dogs outside your home and not behind your fenced yard must be on leash. We recently had a resident attacked and bitten by an unleashed dog. It does not matter whether the dog is large or small, it must be on a leash.

Speaking of dogs, please carry a poop bag with you when you walk your dog here in Havasu Garden Estates and please pick up their droppings, there and in your "backyard" 'cause who needs all those flies anyway.

FROM: Maggie Hickson, Secretary

When you move into a neighborhood such as ours, and your "PET Children" have never had to live in a small fenced/confined area...look at it from their point of view. You, my friend, are not doing them or us, your neighbors, any favors by leaving them outside and ignoring their shouts (barks and whines) WHEN they are done doing their "business". I'm Just sayin'... why do you have a "De-Oh-Gee" (dog) then - if they can't or won't come back inside the house where you are?

From: Peg Haynes, Treasurer Clubhouse Rental & Cards
