

Stearns Cottage

Occupancy: 14 beds / 8 bunks
(10 minimum & 18 maximum)

This cozy cottage is perfect for a small group of 10-14 people – complete with four bedrooms and a fireplace. Three of the rooms have 4 beds, while one room has 2 beds. This cottage has one full bathroom, one ½ bath, and one separate shower room.

It also includes a living room with couches, dining/meeting room, a large non-cooking kitchenette, and front porch for lounging on those warm summer days!

Old Facilities Turning to New

While Camp Arrah Wanna is full of charm and beauty, we recognize that many of our facilities are in need of some cosmetic TLC in order to provide more modern conveniences for our guests. Like other 75-year-old camping facilities around the nation, we have been forced to improve all of the unseen infrastructure over the last 15 years before focusing on more desirable upgrades to our lodgings.

Thanks to the support of our faithful volunteers and donors, we have finally accomplished the most important upgrades and are now able to focus on the fun stuff! We've already begun a 5-year capital campaign in an effort to facilitate additions and upgrades to our facility, programs, & daily operations. Some major donors have already stepped forward, and we are very confident that our vision will be accomplished. Here are some changes our guests have to look forward to:

- Main Lodge Phase #1:** upstairs remodel to accommodate small group conferences
- Judson Lodge Remodel:** new bathrooms, furniture, meeting spaces, & cosmetic upgrades
- Main Lodge Phase #2:** update function of dining hall & upgrade/relocate restrooms
- Stearns Cottage Remodel:** improve layout, upgrade/expand restrooms, new furniture
- Replace Fernhaven Cottage:** with new “mini-lodge” for conferencing
- Recreation Area:** turn Huckleberry into indoor lounge/rec room, build outdoor covered pavilion over old swimming pool

We sure hope you choose to give Camp Arrah Wanna a try so we can share this special and beautiful place with you!
