

THE TETRAD CLOCK

COUNTDOWN TO THE LAST HARVEST

The purpose of this illustration is to layout astronomically the 4 total lunar eclipses that make up the Tetrad of 2014-15 based on the 4 Watches of the Jewish night 12 hourly count of time. The chart seeks to show the possible patterns of just how the 4 lunar eclipses or Tetrad are juxtaposed to the Jewish year count. The Tetrad Clock is based on the Creator's time schedule of 12 months reflecting the 12 hours of the night. Why this could be prophetically significant is that the 4 months that Jesus referenced to the end of a harvest is perhaps prophetic code for a countdown to when the 'harvesting of the Bride' is to take place; perhaps as a prelude in a future year that will have similar celestial signs corresponding the 4th Watch. The point is that no year in the near future has such a convergence of signs as what has been occurring since 2010.

Yom Kippur on September 23, 2015 thus will correspond to when the Jubilee is to be proclaimed based on the completion of the 49th year since the Temple Mount was liberated in Jerusalem. Yom Kippur is the time of the unveiling when Mankind can approach the presence of YHVH face to face and it occurs exactly on Fall Equinox. Then Sukkot on September 28, 2015 will have the final 4th Blood Moon that is a Super Moon and concludes in the end of the years' harvests. In similar fashion perhaps the culminating 50th year to start in 5776-5777 will see the dawn of a new light in Heaven for the Bride as her commission comes to a conclusion at the of this prophetic 4th Watch of Church history as the New Dawn or Order begins for the AntiChrist system. Why this Tetrad Clock is construed is because since Pentecost, there are 4 months remaining until the Fall harvests concluding on Sukkot. One observation of the 4 Watches of the night illustration is that all but the 4th Watch has some form of a Holy Feast of YHVH. These 4 Blood Moons also correspond to the Solstices and the Equinoxes of the general year. What this pattern suggests is that the 4th Watch that corresponds to the 4th Blood Moon is the final one that happens to emphasize several layers of prophetic fulfillment.

From 2014 start of Tetrad to last Blood Moon of Tetrad or the 4th Watch

In each of these Holy Convocations of YHVH, the rehearsals depict a facet of the Rapture of the Groom Jesus and the Bride. This study will focus on Sukkot as an alternative timing and possible sequence related to the Rapture that may not have been seen before. The emphases will be on the 4 month countdown because the last harvest concludes on Sukkot. It is the time of the in-gathering of the last harvest and the ceasing of the labor of the workmen in the fields and vineyards. Thus this study strongly suggests that the 4 month harvest countdown from June 1, 2015 concluding with the Feast of Sukkot could be related to the fulfillment of the Rapture is some way by then.

The Tetrad Clock timelines are only suggesting the possible prophetic and Biblical countdown to the Harvest, which is the Rapture that in turn will lead to the revealing of the AntiChrist, the start of the Tribulation, and the 3rd Temple by some estimation. The duality of this alleged prophetic countdown is striking. The Luciferians are also looking forward to their new day, their 'New Dawn' much as the Bride of Christ is too.

The true Light of the World, Jesus will bring light and light and immortality at the point of the gathering up of the harvest of the Bride. So too Lucifer, the false dark light, aka 'Light Bearer', will sell wholesale his coming 'New Dawn' to the world which will eventually turn to darkness, enslavement, blood and carnage. When the 4th and final Blood Moon is synchronized with the final 4th Watch, the time corresponds to Rosh HaShanah.

THE COMING DAWN

The Tetrad Clock is superimposed onto the divisions of the 7 segments of time reflecting the 7 days of the Creation Week and the 7 Convocations or 'Rehearsals' of YHVH. This study suggests that the Tetrad is in fact a sort of countdown to the 'end gathering' of the yearly agricultural harvest cycle to conclude on Sukkot.

The emphasis of this study and illustration will be on the 4th Watch as that is the darkest time just before the break of dawn, a new day of light. This 4th Watch is to be taken thus as a metaphor of what is to come, the true and false type, Christ's and the AntiChrist's. It is suggested that in terms of the Church history and the Bride of Christ, this time in these Last Days have been the darkest since Pentecost 50 days after Jesus' resurrection.

A LABOR COMPLETED AND STARTED
This study is not insinuating that the Rapture will occur on or by Sukkot 2015 but that

based on the 4 month countdown syncs to the Tetrad Clock, it is a high watch time. From the time of Pentecost, the harvest time is specifically associated with a Gentile element that was to be included in the 'harvest' of the LORD at some point in time in the future.

Jesus said to them, "My food is to do the will of Him who sent Me and to accomplish His work. "Do you not say,

'There are yet 4 months, and then comes the Harvest?'

Behold, I say to you, lift up your eyes and look on the fields, that they are white for harvest. Already he who reaps is receiving wages and is gathering fruit for life eternal; so that he who sows and he who reaps may rejoice together... -John 4:34-36

Will this year's rehearsal be the real one as the LORD gathers His Bride? As Sukkot lasts 7 days, will it correspond finally with the prophetic 7 year duration alluded to by the Prophet Daniel as the Bride is safe and secured in the Chamber Booths Jesus went to His Father's House to build?

THE CONVERGENCE OF EVENTS

Has the prophetic 'day' of the last harvest finally come and the Bride ceases from her labor in the vineyard and field as she is gathered in, gathered up literally? The last hour just before the break of dawn will be the 11th hour. This hour is often referred to and referenced as the last moment of salvation or decision to be made before 'time' runs out. This 4th watch culmination leading up to the 12 hour or 1st hour of day break where light is seen corresponds to Rosh HaShanah on the 7 fold Holy Feast days superimposed time schedule within the Tetrad Clock. In the Fall of 2015, on September 13, the 'Year of Light' will commence, 5776. This 2 day Holy Feast of the blowing of the Shofars is in approximate phi ratio to Yom Kippur which is the 49th years (7 x 7 Sabbaths of time) from 1967 when Old Jerusalem and the Temple Mount was liberated from the Muslims by the Jews.

In Acts 2 the prophecy of Joel 2, alluded to by the Apostle Peter was fulfilled on Pentecost and that the harvest of the Gentiles i.e., to be comprised of the witness of the New Man in Christ, both Jew and Gentile began with inferences to celestial solar and lunar eclipses; perhaps it will also at its end. The Tetrad Clock and 4 month countdown to Sukkot on Sep 28, 2015 perhaps signals the end of the prophetic year's harvest cycles of the witness of the Bride during the Church Age. As then, now the transference of the labor of Jesus' testimony continues but back to Israel. The giving of the Holy Spirit that descended on the 120 Believers gathered in the Upper Room was given to Christ's Witnesses as it will be given to the 144,000 to be anointed to witness in the Tribulation as the First Fruits of the Bride. After the in-gathering of the Bride, the 144,000 Anointed will be the First Fruits of those saved during Daniel's last prophetic week of years. Back then during Pentecost, the Disciples witnessed to Israel during the Feast as Jews from around the world had gathered in Jerusalem. Perhaps a similar time of transference of Yeshua's witness to Israel is about to commence based on the patterns of the Tetrad Clock and 4th Watch of this present dark and evil time. It will be also accompanied by power and glory as the Bride is gathered up to be empowered and glorified at last.

THE COMING HARVEST

The point is that the remaining types of harvests are specifically and precisely accompanied by celestial signs in the Sun, Moon and the Stars as it was in Pentecost by way of Joel's account in some prophetic way, literal way or perhaps both. Could this be signaling the end of the Church harvest as the Tetrad, Jubilee and correlating times converge and the new dawn of the Year of Light comes upon the Earth, 5776?
