

BUSINESS COLOR LASER SERIES

FOR MID-SIZED WORKGROUPS
WITH HIGHER PRINT VOLUMES

brother
at your side

LOW COST **COLOR** PRINTING WITH **ADVANCED SECURITY** AND **WORKFLOW SOLUTIONS**

The HL-L9200CDWT and MFC-L9550CDW are ideal for mid-sized workgroups in small/mid-sized businesses with the need for a dedicated color laser printer or all-in-one. These models provide easily-managed, low-cost printing for demanding, multi-user applications, while the MFC-L9550CDW also offers copying, faxing and advanced scanning capabilities.

These machines are a great alternative to bulky, expensive to maintain floor units often found in centralized printing areas used by corporations. They can be deployed close to a workgroup to reduce steps to retrieve documents, which can help boost productivity.

Brother offers advanced security often reserved for enterprise-level devices, but with a significantly smaller footprint and at a lower cost.

HIGH-QUALITY, LOW-COST PRINTING

The HL-L9200cdw and MFC-L9550cdw offer fast color and black print speeds of up to 32ppm to print critical business documents.

Plus, they ship with super high-yield toner cartridges yielding 6,000 pages[~] for added in-box value and offer an **up to 50%** lower color cost per page versus comparable color laser models.*

ENTERPRISE-LEVEL SECURITY HELPS PROTECT CRITICAL INFORMATION

Active Directory enables network user authentication. The MFC-L9550cdw also offers corporate email address and fax directory lookup.

Restrict or grant access on a per user or group basis, for up to 100 users as well as set color page counts or restrict color printing using Secure Function Lock.

ENHANCED FEATURES HELP INCREASE BUSINESS SECURITY

The integrated NFC Card Reader provides walk-up authorization to release print jobs, and to access other machine functions using a compatible NFC card or badge (MFC-L9550cdw only).[~]

BUSINESS ENHANCING FEATURES TO HELP IMPROVE OFFICE EFFICIENCY

Powerful color laser machines that offer easy-to-use solutions to customize workflows and maximize productivity.

MOBILE DEVICE PRINTING AND SCANNING[□]

Supports printing from a wide range of mobile devices including Apple® iOS, Android™, Kindle Fire™, or Windows® Phone. Plus, wirelessly scan to your mobile device with the MFC-L9550CDW.

ACCESS POPULAR CLOUD SERVICES[△]

Print from / scan to popular cloud services directly from the color Touchscreen Display using the award-winning Brother Web Connect Interface (scanning only available on MFC-L9550CDW, printing not available with all services).

Web Connect

COLOR TOUCHSCREEN DISPLAYS FOR INTUITIVE MENU NAVIGATION

Both models offer a color Touchscreen display for easy menu navigation and to access the Web Connect feature. Plus, with the MFC-L9550CDW, you can create and access up to 48 time-saving shortcuts for your most commonly-used functions and operations directly from the Touchscreen display.

1.8" Touchscreen
(HL-L9200CDW)

4.85" Touchscreen
(MFC-L9550CDW)

FLEXIBLE PAPER HANDLING FOR ENHANCED MEDIA SUPPORT

Both models offer a 250-sheet capacity paper tray for either letter or legal sized paper and a 50-sheet capacity multi-purpose tray for printing custom paper sizes and envelopes. An additional paper tray (500-sheet capacity) comes standard on the HL-L9200CDW and is optional on the MFC-L9550CDW.*

The MFC-L9550CDW also offers a legal-size document glass for copying and scanning bound materials and a 50-page capacity automatic document feeder for copying, scanning and faxing multi-page documents.

ADVANCED SCANNING FEATURES HELP INCREASE YOUR EFFICIENCY

With the MFC-L9550CDW, you can scan and save documents to a variety of destinations including: network, cloud³, Secure FTP, SharePoint⁴, e-mail, mobile devices and more. Plus, scan both sides of the page in a single-pass for fast, two-sided copying and scanning.

Send secure e-mails quickly and easily without disrupting workflow, using Protected Trust⁵ encrypted email service.

OPTIMIZE YOUR WORKFLOW USING BROTHER SOLUTIONS

We approach delivering business solutions with a very simple goal in mind – to help our customers work better, print smarter and achieve a more efficient work environment. Brother, together with our solution partners can work with you and your team to identify opportunities to help increase productivity and improve workflow, while helping to reduce costs. To learn more about how Brother Solutions can help you, visit brother.com.

STREAMLINE YOUR PRINT ENVIRONMENT

Our balanced deployment approach seeks to “right-size” an organization’s print environment to deliver the appropriate number of devices in close physical proximity to the workgroups and departments that use them. Supplement or replace existing centralized copiers and large workgroup printers with smaller, flexible print stations comprised of the most efficient mix of Brother printers, all-in-ones and scanners.

POWERFUL COST MANAGEMENT TOOLS*

Brother offers integrated technology that can be used to redirect a print job to the most cost effective device. Administrators can also track activity and output for charge back to individual users, departments, budgets or customers. By collecting accurate real world information about document usage, organizations can analyze and control output costs more effectively as well as cost-justify decisions about the printer fleet.
