Please join us for two great presentations:

Preventing Parent Burnout

Alissa Morris, Regional Coordinator of Parent-to-Parent NYS, will offer tips and resources to help manage the frustrations and concerns of raising a special needs child.

Anxiety in the School Age Child

Jennifer Flatley-Graham, Psy.D. School Psychologist, will be discussing childhood anxiety disorders and strategies that parents and caregivers can use to help anxious children.

Please join us afterwards for an exchange of ideas on topics related to our children, as well as discussing any of your questions or concerns. This is a great opportunity to learn from, share and support each other. We hope to see you there.
