<https://www.youtube.com/watch?v=MNuNs6RsRdU> 2.15.20 Ramola D interviews Dr. Robert Duncan

Dr Robert Duncan on Neuro, Microwave and V2K Weapons Targeting...Dr. Robert Duncan was a DOD, CIA, DARPA, DOJ contractor until he discovered that his work on neuro technologies was being used to torture innocent American c...

First set of tweets from the above interview (copied from youtube transcript) –

Neurotorture - New World Order

@ProtectPatient1 ourconstitution.info

09:00+ "...it's **worldwide and it was intended to be worldwide for the new world order** government this a you know george bush senior talked about new world order he was head of the cia uh even uh we have a candidate barack obama's vice president biden said the new world order is of >

@ProtectPatient1 ourconstitution.info

09:00+ utmost importance in one of his latest speeches so it **really doesn't matter which candidate you vote for uh it seems like they're all on board for this global takeover...** 10:52 they they have **basically four more countries to go uh china Russia north korea and iran** and then the >

@ProtectPatient1 ourconstitution.info

10:52 rest of the world is kind of nothing um we in here here's another kind of theory why would you want **democracy in every country well it's because of mind control weapons we can control who gets into power... totally stealing one's brain stealing their soul ...how can you have >**

@ProtectPatient1 ourconstitution.info

19:56 **justice if you don't know whose mind was behind the actions of the body** and so it's going to turn the justice system on its head uh **they can erase memories reprogram them false memories and so you can't even use the polygraph test** to see who they are...>

@ProtectPatient1 ourconstitution.info

23:01 **dangerous and that's not free will but you're taking away someone's autonomy of thought and and decision-making** uh so i don't even like the term free will i prefer **degrees of autonomy...**

@ProtectPatient1 ourconstitution.info

24:24 i've worked with some of the **most brilliant scientists** in the world **but only a few of them were not morally flexible** and that's the term they use in the cia... **they want to control everybody..."** + more

Second set of tweets from the Ramola D interview with Dr. Robert Duncan

Our representatives have failed us - allowed the CIA and military to take over - Treason

@ProtectPatient1 ourconstitution.info

05:01 ... yeah **around 2000 and uh you know I even went with the former head of the la fbi uh to congress uh spoke to the judiciary committee the armed forces committee 23 senators uh and most importantly the >**

@ProtectPatient1 ourconstitution.info

intelligence committee and they are supposed to be the oversight uh it was obvious to me that this was mkultra on steroids same tactics being used the mind control the breakdown of the human uh will and using those programmed assassins or manchurian candidates or whatever their>

@ProtectPatient1 ourconstitution.info

desire may be just eliminate the target uh

05:52 the further i followed white rabbit down the hall more disturbing it got

05:57 Ramola: um this is absolutely incredible first of all thank you for doing that for going to congress and going and speaking to these senate committees >

@ProtectPatient1 ourconstitution.info

and to the senate intelligence committee etc uh it sounds like this was a **replay of the church committee of the 1970s then because you were coming forward as a dod cia whistleblower and navy and nato etc whistleblower** speaking about this matter what was the reception like >

@ProtectPatient1 ourconstitution.info

06:27 RD: and **this is when i lost faith of my government...um the senate intelligence committee uh said we've never heard of mkultra and that's their one job** was everybody's heard of them and so both the fbi you know the head of the fbi and i look at each other like oh this is >

@ProtectPatient1 ourconstitution.info

not going to go well they're **starting off with a lie** but they've never heard of this uh

(from youtube transcript, video)
