

What do I do with herb jelly?

Rosemary Burgundy

A real perk-up in pork marinades. Try it in caramelized onions, baked winter squash or baked pears (add chopped roasted pecans, too – yummm!)

Tomato Basil

Grilled cheese sandwiches with a smear of tomato basil jelly inside. Make a cheese torte and divide the layers with pesto and tomato basil jelly.

Cranberry Jalapeno

A teaspoon on a bowl of vegetarian chili, poured over cream cheese (a classic), melted into baked beans, or for a Texas PB&J.

Lemon Gingerade

Think carrot cake with a lighter icing – whip together Greek-style yogurt, creamy Ricotta. OR how about a glaze for a warm gingerbread. Wow!

Cranberry Basil and Lavender Roselle

Whip with Ricotta cheese and top French toast. Melt with a little butter and drizzle over cooked carrots.

White Wine Herbes de Provence

Baste shrimp or chicken thighs with White Wine HdeP while baking or grilling.

Chai Blush

Delicious on a scone or mixed into plain yogurt with sliced pears or peaches.
