Play in the footsteps of legends. Home to the The Heritage Tournament, this distinguished PGA TOUR golf course places a premium on finesse, imagination, and shot-making rather than strength. Put your game to the ultimate test - against a collection of par-threes ranking among the world's finest and a par-four 18th hole considered one of the most feared in all of golf, particularly when the wind is blowing off Calibogue Sound. The crowning achievement of famed designer Pete Dye, this celebrated PGA golf course is a true test of the game of golf.

A rolling, up and down hill links style course. Do not be fooled by the wide open appearance - the tall fescue and well-placed bunkers can be a threat. Large marsh hazards will tempt you to "go for it", but playing safe might be wiser.

The Links is interior on the Resort property with spectacular views of the Caribbean and the Resort. Its moderately hilly track, with tall bahia and guinea grass roughs plus multiple sand traps keep you on your toes. Thought by some to be reminiscent of traditional British and Scottish courses, there are several lagoons and even lakes with wading birds. There are five holes where water comes into play on this course making it a challenge unto itself.

Old Palm is a private golf club where fairways are ribboned with water and hammocks of oaks and pine. The turf is cutting-edge Paspalum, an environmentally friendly grass that helps the ball roll smoother on the greens and fairways. Golfers are escorted by some of the best trained caddies in the country and a no tee time policy assures members that they'll always have a game when they're ready to play.

You must stop at this hidden gem in northern China. The exceptional and intimidating use of the ponds and rivers on fourteen of the holes makes this course one-of-a-kind. Not extremely long or tight, but the player must execute the shots.

The 18-hole, par 72, 7,118-yard Parkland course is reminiscent of Australia's great Sandbelt links such as Royal Melbourne and Kingston Heath. The course design is focused on preserving a natural vegetative setting featuring three distinct zones of planting that mimic the area's natural habitats...the cypress swamp, the low hammock and the pine flatland. The course also features wall-to-wall use of Paspalum SeaDwarf grass, the newest and most superior turf in the industry. Paspalum grass is advantageous because it requires far less water and nutrients to maintain and provides excellent playing conditions due to its fine leaf texture.

Spyglass area gathering ideas for his novels. With this in mind, Robert Trent Jones Sr. set about creating a treasure of his own. Opened in 1966, Spyglass Hill Golf Course features two distinctly different kinds of terrain that influence the way the holes look and play. The first five holes roll through sandy seaside dunes challenging you to carefully pick the safest path. The following 13 holes are cut through majestic pines with elevated greens and strategically placed bunkers and lakes to grab the errant shot. Hole names such as "Black Dog" and "Billy Bones" are hints for the unwary.

Now well into its second century of life, the Jubilee Course has developed from a basic 12-hole layout into what many consider to be the toughest test of golf at St Andrews. Created on a narrow strip of prime golfing land between the New Course and the sea, the Jubilee was originally intended for ladies and beginners. It was laid out by John Angus junior and made ready in only three months. The course was named in honour of Queen Victoria, whose Diamond Jubilee fell in 1897. On a full day of celebrations, the Jubilee Fountain was unveiled on the Links and the Jubilee Course was officially opened by Mary Macgregor, wife of Provost John Macgregor, who struck the first drive with a commemorative club made by Old Tom Morris.

The Links at Spanish Bay is Pebble Beach's answer to the coastal golf courses of Scotland. Designed by Robert Trent Jones Jr., Tom Watson and former USGA President Sandy Tatum, the majority of the golf course was built along the dunes of the Monterey Peninsula coastline, with coastal plants and ample views of the Pacific Ocean. Wind, bunkering and large undulating greens on many of The Links at Spanish Bay's holes encourage players to hit the low, running shots played on traditional links courses.

The New Course is often regarded as the oldest "new" course in the world. A classic links course with undulating fairways and delightfully challenging greens, it was set out in 1895 by Old Tom Morris. Named the New to differentiate it from the original course at the Links which became the Old Course. the course remains one of the finest examples of Morris' work to be found anywhere.

The Old Course is the Home of Golf where golf was first played 600 years ago. It remains a real test of golf for today's champions. The fabled original links course is synonymous with The Open Championship which it has hosted more times than any other venue and will host for a 28th time in 2010. Despite its reputation and status, it is a public course and is one of seven public courses at St Andrews Links.
