

QUALITY ASSURANCE POLICY

We are committed to providing consistent products and services that meet the quality requirements of our customers.

To this end, the company shall implement and maintain a Quality Assurance Process which:

- Provides operational guidance in the of quality procedures and instructions which ensure that activities are performed in a planned, systematic and efficient manner.
- Ensures that we comply with all statutory requirements and contractual obligations of all our agreements in relation to quality.
- Ensures the continuous improvement of our quality processes and methods of work.
- Provides a framework for establishing and reviewing quality objectives.

The responsibility for application of this policy rests with everyone.
