

Andpak Midwest

Innovative Packaging Solutions

Dear Customer and Suppliers:

Technical Resin Packaging, Inc. announces a rebranding initiative and partnership.

Technical Resin Packaging, Inc. was founded in 1983 and has been a trusted and reliable source of innovative packaging solutions to a broad range of industries utilizing adhesives, sealants, paints, coatings, lubricants, cleaners and specialty chemicals. Technical Resin Packaging, Inc. has strived to ensure quality packaging under ISO 9001:2008 system.

Our new name will be Andpak Midwest derived from our partner Andpak, Inc. of Morgan Hill, California and Andpak LTD. located in the United Kingdom. Andpak Inc. was founded in 1978 and is the most innovative and diverse contract packager for many industries including aerospace, electronics, industrial and consumer. Andpak Inc. is also an AS9100 approved supplier to the aerospace industry.

The merging of these two very successful organizations will not only enhance the capabilities of both organizations but will also enhance our ability to serve our customers and suppliers long into the future. It expands our North American footprint and our ability to serve customers both domestically and globally.

Along with these developments we are happy to announce that Andpak Midwest has recently occupied a new larger facility located in Brooklyn Park Minnesota. Our new home has state of the art chemical handling and monitoring systems along with expanded warehousing. Our expanded footprint also allows us to store customer materials and finished goods inventory to better serve your needs.

Please contact us with any questions or projects. Our friendly customer service staff will be happy to provide quotes on any upcoming or on-going projects you may have or answer questions regarding future business opportunities.

Kind Regards,

Kathleen Vertin-Erchul

Vice President

Andpak Midwest
