Before & After School:

Mrs. Christine Riutta

As the advancement team works furiously behind the scenes in pursuit of our new school building, there have been so many

times when we've wanted to shout the good news from the rooftops, even though it would be

counterproductive to the ongoing "quiet phase" of our campaign. I would have to admit that there have also

been times (thankfully brief) when doubts and fears

have crept in. At times, we can get so focused on

pesky details that the big picture becomes difficult to

see. Thankfully, we serve a big God who has a good

plan in mind for Sudbury Christian Academy, and who

faithfully reveals as much as we can handle each

day. Our advancement project, much like

our personal lives, are works in progress,

slowly but surely being crafted into a

better likeness of the vision that the Lord

intends for us to fulfill, if only we will

submit to His will, His timing, His way.

Sure, we can do it our way. Many have

tried. We can kick closed doors open,

fight and claw for pennies, cheat and

steal our way to success. But it will not be

blessed. Let's choose instead to walk

through open doors, accept the Lord's

provision with gratitude, and conduct

ourselves with honour in even the most

trying of circumstances. His plans always

turn out better than ours.
