**On the Go (1996)**

PORTHOLS reflection hologram, open edition  
 Laser Reflections and Hughes Power Products  
 Photopolymer on film  
 Framed, size: Ø 10.25" (26 cm)    **£500**

Laser Reflection, run by Bernadette and Ron Olson, produced three different PORTHOL™ images. The frame is a hand-painted resin casting to simulate an antique ship's porthole.

**Babe Ruth** reflection hologram, open edition  
 Photopolymer on film by Hughes Power Products  
 Size: 6" x 8" (15 x 25 cm)    **£75.-**

The holograms above were produced by **Hughes Power Products** (HPP) in El Segundo, California, on DuPont's OmniDex photopolymer recording materials. HPP was created in 1993 as a subsidiary company of Hughes Aircraft Company. The masters were provided by my artists such as Bernadette & Ron Olson (pulsed masters), Nancy Gorglione & Greg Cherry (CW masters) and others.
