Dear Professor Lawrence,

I wonder if you could help me find out through the Italian Consulate where is the present address of a certain Italian gentleman. As nearly as I can make out his name is Pierre de Porte. He is said to have been the director of a carpet factory and to have gone to Italy during the evacuation. I hope that the Italian Consul will be able to furnish you with his address.

With heartiest greetings, I am,

Very cordially yours,

*E. Jacob - Jike.*

Professor C.W. Lawrence

*I cannot tell you often enough of my appreciation of your soul stirring fellowship during the last three or four weeks. God has immensely enriched me as well as Smyrna by placing you there. May He grant you every protection, and the satisfaction of ever-growing fruitful service!*
