The table shows years prior and after the 3 Year Pentecost Countdown from 2011 - 2013. In no other years except in 2011, 2012, 2013 does Pentecost fall inbetween eclipses. \*June 8, 2014 subject to alternate calendar counts. June 4/5 in some cases.

YEAR	PENTECOST	ECLIPSES?
2007	May 27	None
2008	May 11	None
2009	May 31	None
2010	May 23	None
2011	Jun 08*	YES
2012	May 27	YES
2013	May 19	YES
2014	Jun 08	None
2015	May 24	None
2016	May 15	None
2017	Jun 04	None
2018	May 20	None

Pentecost refers to a 50th Day count. It is the celebration of harvest for 50 days after Passover. It is 10 days after the Ascension of Christ to Heaven that promised in like manner to return. It comes from the Old Testament of the Feast of Weeks and commemorates the giving of the Law on Mt. Sinai, 50 days after leaving Egypt, led by the LORD YHWH to the nation of Israel after the Exodus from Egypt. It is called Shavuot in

JUN JUL AUG SEP OCT NOV DEC JAN FEB MAR APR MAY JUN JUL AUG SEP OCT NOV DEC JAN FEB MAR APR MAY JUN JUL AUG SEP OCT NOV DEC JAN FEB MAR APR MAY JUN JUL AUG SEP OCT NOV DEC

In the New Testament, traditionally, Pentecost is considered the 'birth of the Church'. For the Church, it is a parallel of a giving and beginning, the beginning of the dispensation of Grace, not Law to the world. It was initiated and empowered by the descent of the HOLY SPIRIT on the 1st Pentecost after the Resurrection

of the LORD Jesus Christ. It was Jesus that instructed His 120 Disciples to wait in the Upper Room to receive 'power from on high'. The Church has been operating under the Pentecost Age empowered by the HOLY SPIRIT since that time.

## PENTECOST COUNTDOWN

## **SEQUENTIAL PATTERN TO THE '120' ASSEMBLY RESURRECTION & RAPTURE?**

The purpose of this chart is to examine 3 consecutive years of Pentecost dates that appear to form a 'Countdown' pattern. Specifically, the years of 2011, 2012 and 2013, have Pentecost in the midst of a solar and lunar eclipses for 3 successive years in a row. What is peculiar is that the date of Pentecost occurring in-between a solar and lunar eclipse has not occurred on 3 consecutive years, at least since the turn of the century. This study seeks to postulate that this 3-Year Pentecost-Eclipse series is a significant Biblical prophetic 'Countdown' sequence to the eventual conclusion of Pentecost itself. This is meant of the harvest of the Christian Church Age at the time of the Blessed Hope of the Resurrection and Rapture of the true Disciples of Jesus Christ. Perhaps 2014 may not be the end of the Pentecost Age but it could be a sing that it will be.

What is also very interesting is that from the 3<sup>rd</sup> or last of the Pentecost-Eclipse series of 2013 that had the Feast in-between the eclipses to the subsequent Pentecost of 2014 is exactly 1 year and 20 days or a 120 mathematical variable. Thus another assertion of this study is that the 3-Year Pentecost-Eclipse countdown is alluding to a fulfillment of the prophetic 'Church of 120' that are to be Resurrected and Raptured. This numerical coefficient is the same as those that were gathered in the Upper Room as the HOLY SPIRIT came down on the 120 Disciples. This study is not declaring that Pentecost of Jun 8, 2015 will be 'The Resurrection/Rapture.' It is only asserting a probability that is prophetically significant based on the given astronomical pattern of having Pentecost in the midst of eclipses for 3 years in a row.

1994

NOTE: No consecutive 3-Year Pentecost in-between eclipses pattern occur back to back in the past nor in years after 2013 Only 2 occurred since 1994 but where singular occurrences.

## **Some Observations**

1) The dates of Pentecost usually fall in either on May or June of a given calendar year (western). From Pentecost to Pentecost, the weeks average around 50, a 'deca' or 5 that Pentecost is named after in the sense that it was on the 50th day that the Holy Spirit was given to the Church of Christ to seal, indwell and fill every Believer of the Body, or Church of Jesus Christ. 2) This 50 week average can be extrapolated into a three sequence of the first number of each, meaning a 5, thus a 5-5-5 pattern for these weeks. This is a significant number as in both the occult and esoteric circles, it represents death, resurrection and transformation, 3) What is also unique is that from the 3rd Pentecost-Eclipse series of May 19, 2013 to the Pentecost date of Jun 8, 2015, it is 1 year and 20 days. This 120 numerical value can perhaps also be correlated to the number of those present a the first Pentecost after the Resurrection of the LORD Jesus Christ as the Book of Acts depicts that there were a total of 120 Disciples present in the Upper Room when the HOLY SPIRIT descended upon them as a type of 'First Fruits' of the Church Harvest to come.

There are several number associations that lend some credence to this assertion. The 2011, 2012, 2013 years mirrors the Countdown itself of 13=1, 12=2, and 11=3 but in reversed order. From the 1st Pentecost in the 3-Year series of Jun 8, 2011 to the 3rd 50th week of Jun 8, 2014 is exactly 3 years to the day. This 1st of the 3 sequential Pentecost years of 2011is also tied to the Central Bull's Eye Moon of Jun 15, 2011 that in itself has just over a 7-Year time span. Does this signify just how long Daniel's 70th Week will be? So perhaps this 3-Year sequential Pentecost-Eclipse pattern is a countdown but in reverse order. 1) The Law at Mt. Sinai was given first, then 2) the Rapture of the LORD and then 3) the Dispensation of Pentecost. What you have that is unique to Pentecost nonetheless are some very prophetic associations to it; you have a link and/or a connection to no less than the Rapture of the LORD Jesus Himself 10 days prior to Pentecost. Perhaps these 2 assertions are strong indicators of how it will be played after the Rapture.
