2.4) Please provide any additional comments you would like to convey to the instructor about YOUR performance in this class.

- I do wish my attendance was better this semester, however I certainly learned a lot from this course and enjoyed how it was structured.
- I put a lot of work into my research and assignments and I hope it shows in the final product.
- I tried My best in the class, and I consistently attend office hours with our student peer catalyst throughout the semester for extra help and feedback.

3. The Professor

3.8) Please provide any additional comments you would like to convey about the professor's teaching:

- Professor Scauso did a great job teaching this class, while some of the work was very dense due to the nature of the research, our Professor handled the task of teaching it well. He brought a positive and welcoming atmosphere to the classroom that helped us to be comfortable when asking for help.
- Professor Scauso has been very enthusiastic
- Professor Scauso was always very respectful and came into class with a positive attitude. This is the second course I have taken with professor Scauso and I have very much enjoyed both.

- The Professor is one of the best ones at QU. He is great at explaining complicated material, makes class interesting and entertaining to go to, and is fair in his grading.

4. *Class Materials*

^{4.3)} Please provide any additional comments you would like to convey relevant to class materials:

- I don't think most of the books are necessary, especially not for the amount of money they cost. They could be interesting extra material for the interested student but I don't think they should be required, they are not necessary to do well in the course.

5. *The Course Overall*

^{5.3)} Please discuss any and all strengths and weaknesses related to this course:

- This course seems scary at first glance but the professor made it manageable and I actually ended up really enjoying it.
