

Specially Designed Writing Instruction for Struggling Writers

WVPEC welcomes **Lisa Meyers** of *Simply Achieve* for a workshop providing you with specially designed writing instruction to help you with your struggling writers! Lisa brings a wealth of knowledge and experience on a variety of topics and teachers in our region have requested more guidance particularly in the area of **writing**.

During this workshop, Lisa will immerse you in the process of writing to gain experience with strategies to better support student writers.

Topics will include:

- teaching revising and editing,
- integrating grammar,
- writing often and with purpose,
- writing for reading ~ using reading while writing,
- modeling and mentor texts,
- giving feedback,
- and, of course, reflection!

As a result of this workshop, you will be able to take these strategies and implement them immediately into any classroom!

Who should attend? K-8 educators and school administrators & instructional coaches!
