President's Piece

June 2017

Dear SBOC Members, Friends and Colleagues:

The entire SBOC organization would like to extend a hearty thank you to both John Freitag and Dave Buss of the Geothermal Alliance of Illinois for an excellent and very informative presentation on a basic overview, the design criteria and field inspections of a Geothermal Heat Pump System.

With Spring in full swing and having the busy Summer building season upon us, I understand that your time is precious to you. The SBOC Board appreciates all your efforts in attending our Training events throughout the year, including the Monthly Membership Meeting & Luncheon Seminars. We understand that at this time it could be challenging to get away to do so; but hopefully you can manage to get away for a couple of hours and join us at the Summer seminars that we have planned.

Please consider attending our monthly meetings, the attendance has been growing. Once again, we had 30+ people attend the May seminar. Our monthly meetings are held at 12:00 Noon on the 3rd Thursday of each month at the Buca di Beppo restaurant in Lombard (unless otherwise noted). We hope to see you at the next Monthly Membership Meeting & Luncheon Seminar that will be held on June 15th. **(Additional "June" Luncheon Seminar information is listed below.)**

We would also like to mention two 'Save the Date' events that we are currently organizing for you. Additional details will follow as soon as we put it all together:

- **The Annual Golf outing is tentatively scheduled for Friday, August 25th**
- **A Field Trip to Dukane Precast, in Naperville, on Thursday, September 28th, our luncheon will be at the Two Brothers Roundhouse in Aurora. (Please note that this meeting is the fourth, or last, Thursday in September)**

As always you can keep up to date by visiting our website, www.sbo-7.com, where you can obtain a plethora of information including membership meeting information, training opportunities and other important announcements.

Lastly, "Volunteerism" is a vital part of the SBOC organization. Please consider participating on a committee, or possibly an Executive Board position. We are always looking for additional input and we can always use a bit more help with the many events and issues that need to be addressed on a continuing basis. Yes, your voice can be heard! We had one person step forward at the Training Institute to volunteer for a committee, let's keep that going – who else would like to pitch in?
