### **Academic and Extracurricular Highlights:**

- **1.93** College GPA
- Community Volunteer - helping DHS worker by taking over their yard work.
- Home Helper - assisting with babysitting and tutoring of sibling and cousins while parents are on-duty or underway.

### **Quotes:**

"[Elias] is a good team player. He looks out for others as much as he looks out for himself. I've been his next-door neighbor for several years now, and he tries to help others in our community with no expectation of compensation or reward. As a decorated and respected journeyman Border Patrol Agent, new recruits are often assigned to me for field training. I can honestly say, that I would feel good about having this applicant join my unit/team."

**Michael Denning** - Border Patrol Agent

"I intend to utilize this great scholarship opportunity to further educate myself to become part of a Special Response Team of the California Border Protection (SRT-CBP) or California Border Protection team in Homeland Security. I am beyond blessed for this opportunity that will aid for a better education and future." **Elias**
