PLEASE ENSURE YOUR LOAD IS COVERED AND SECURED TO PREVENT ANY LOAD, CONTENTS OR LITTER FROM FLOWING FROM THE VEHICLE.

TIPS FOR SECURING YOUR LOAD

Cover it Up! Cover the load with a sturdy plastic, canvas tarp, or net.

Tie it Down! Tie down with rope, bungee cords, netting, or straps. Tie large items directly to your vehicle.

Secure Your Trash! If you throw trash into your truck bed, secure a 5-gallon with a lid in a corner of the bed, as a trash can.

Lighter Goes Lower! Put lighter weight items at the bottom of the load and don't overload.

Double Check! When using any vehicle or trailer to haul material, take a few minutes to always inspect your load.

Clean Up! Sweep out your vehicle before you leave the transfer station. Brooms will be provided.
