

AAC INDEPENDENT

Specializing in Sound and Vibration Control

- Vibration isolation, seismic/wind/ATFP restraint
- Bullet proof rubber flex connectors
- Innovative stainless & bronze flex connectors & Vee assemblies

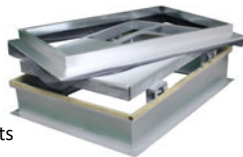

Energy Savings...Noise Reduction...Safety

- Custom, reusable thermal & acoustic insulation blankets

- Prefabricated roof curbs, equipment supports & accessories

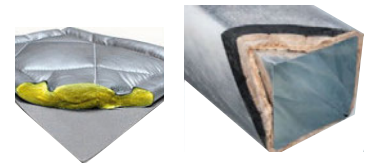

- Flexible pipe connectors - bellows type, s/s & rubber

- Sound barrier walls and enclosures

- Acoustic pipe/duct lagging & mass loaded vinyl
- Flexible sound barrier walls & enclosures

Piping Technology & Products

- Engineered pipe supports, pipe hangers, pipe shoes & expansion joints

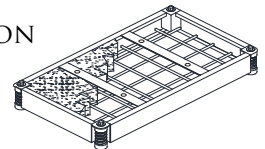

- Pipe guides - insulated, slide & spider type

SPECIALTY STEEL FABRICATION

- Inertia base frames, isolation sub bases & equipment stands

Applied Air

- Indirect & direct fired make-up air units & industrial air curtains, air rotation units & pressurization units

- Gas, oil & electric boilers

Advanced Support Products

- Non-penetrating roof equipment & pipe support systems
