WPFG ABRIDGED RULES - BOWLING (10 Pin) - Page 2

There are no Grand Master age categories in the Team and Doubles events. Grand Master competitors must enter Doubles and Team events in the specific Men's/Women's Division their average dictates, or Doubles/Team combining rules specify. A Grand Master may bowl in "Grand Master" or "Open" age events in Singles and "All Events", but not both.

ROLL-OFF is a separate event. It is held after all flights are completed and is comprised of the top 5 bowlers in "All Events" regardless of division or gender.

BRACKETING / SCHEDULING

Bowlers will be scheduled to bowl only 1 event each day. (Exception: a bowler may request to bowl Doubles and Singles in one day to avoid scheduling conflicts with other events. The Bowling Coordinator may grant that request if it does not pose any scheduling problems in Bowling.)

Teams are comprised of 4 bowlers. Four bowlers "must" enter Team event.

If a Team bowler or Doubles bowler is late or unable to show, the bowlers present may bowl. A score of zero (0) will be taken for each frame the absent bowler misses. No other blind scores will be used. (This will allow bowlers to have a chance in "All Events" when their team member doesn't show.)

Unless there are major problems with facilities, Bowling is a 3 day event.

Singles will not be scheduled in the morning and afternoon. This applies to Doubles also. (Everyone will bowl Doubles and Singles under similar lane conditions.)

The schedule is:

Morning Session:

Singles (Open, A & B) < **Day 1** >
Singles (Open, A & B) < **Day 2** >
Team (Open, A & B) < **Day 3** >

Afternoon Session:

Doubles (Open, A & B)
Doubles (Open, A & B)
Team (Open, A & B)

Recommended Squad Times:

Morning Session Check-in: 0700
Competition starts at 0800

Afternoon Session Check-in: 1200
Competition starts at 1300

No practice is allowed after lanes are conditioned for tournament play or between squads. Exception: a minimum of 5 minutes of practice should be allowed immediately prior to the start of each squad.

SCORING

Scoring will be done only by a scorekeeper. Only scorekeepers will turn in score sheets to bowling coordinator. If the lanes have automatic scoring, scoring will be monitored by tournament personnel.

"All Events" is the cumulative score of a bowler's Team, Doubles and Singles scores.

GENERAL SPORT RULES for Bowling

DIVISIONS - There will be 3 divisions.

OPEN DIVISION: All bowlers having a league average of 190 or over as of April 15th of the year of competition will bowl Open division. Bowlers without league average will bowl OPEN division. Note: Men competitors with no verifiable average will compete in the Open division for Singles and "All Events". A 200 average will be used for placement in Team and Doubles events. **Entrants bowling in only Open Division events need not verify their averages.**

"A" DIVISION: All bowlers with league averages of 170 to (and including) 189 as of April 15th of the year of competition will bowl "A" Division. Women competitors with no verifiable average will compete in Women's "A" Division for Singles and "All Events". A 189 average will be used for placement in Team and Doubles events.

"B" DIVISION: All bowlers with league averages of 169 and below as of April 15th of the year of competition will bowl "B" Division.

NOTE: Averages are based on the bowlers highest league average of at least 21 games, as of April 15th of the year of competition.

"A" and "B" Division competitors must obtain a verification card/form from his/her local Bowling Association, listing the competitor's highest 21 game league average as of April 15th, of the year of competition. This verification form/card must be signed by a Bowling Association Official and include the phone number where that official can be contacted. This card/form must be presented at check-in prior to competition. Falsification of average will result in disqualification.

The Coordinator must be able to verify the bowler's average at the phone number provided. If, after timely and reasonable efforts, verification cannot be made at the number provided, the bowler will be moved to the highest division; Open Division for men and "A" Division for women.

WPFGB ABRIDGED RULES - BOWLING (10 Pin) - Page 4

EXCEPTION: A computer printout from a "sanctioned" Bowling Association may be substituted for the verification card. The bowling coordinator must be able to verify the average at the "official" web site. LEAGUE STANDING SHEETS WILL NOT BE ACCEPTED.

It shall be each bowler's responsibility to verify the accuracy of his/her average, whether originally submitted by the bowler, the team captain, or others. Failure to use the correct average thereby resulting in a lower classification shall disqualify the score if submitted average is lower than bowler's correct average. The score shall be allowed based on the submitted average if it is higher than the bowler's correct average.

To ensure the integrity of "A" and "B" division, the coordinator must verify averages of medal winners, before the medals are awarded.

The WPFGB reserves the right to place a competitor in any category deemed appropriate. This includes individual, doubles and team events. This decision may be recommended by the Sport Coordinator and affirmed by the WPFGB Director for Bowling or may be made independently by the WPFGB. This adjustment may be made before, during or after the competition. These decisions do not require justification and are final.

League standing sheets will not be used.

Any combination of men or women may be on the teams. There are not exclusively Men's or Women's Team events.

Regardless of the division in which a competitor bowls Team and/or Doubles, each will continue to bowl Singles in his/her appropriate division. (It is conceivable that a bowler could bowl in "B" Singles, "A" Doubles and "Open" Team.)

The bowler's "All Events" division will be the same as that of their Singles division.

[Example: If a competitor bowls "A" Division Team and "B" Division Doubles and Singles, his/her "All Events" total will be under "B" Division "All Events" to correspond to his/her "B" Division Singles.

5 games will be bowled for each event.

2 games will be bowled on the first pair of lanes. Bowlers will then rotate lanes and bowl the final 3 games on a second pair of lanes.

Bowlers will be disqualified if they consume alcoholic beverages while competing.

ROLL OFF RULES:

This event does not require the normal entry procedure or separate Event Fee. Entry is accomplished by virtue of being one of the top 5 finishers in "All Events".

At the conclusion of all regular Bowling events, the 5 bowlers with the highest "All Events" scores, regardless of division or gender will be chosen to bowl in a (TV-style) Roll-Off. The Roll-Off should start immediately following the final Team event and prior to medal presentations.

If there is a tie for any of the 5 high scores, a one line Roll-Off will determine the order of any place in question.

One line will be bowled by 2 bowlers in an elimination Roll-Off.

The sequence is as follows:

1st line	5th vs. 4th	5th
2nd line	winner 1st line vs. 3rd	4th
3rd line	winner 2nd line vs. 2nd	3rd
4th line	winner 3rd line vs. 1st	2nd
	winner 4th line	1st

Medals will be awarded for placing, as shown.

Should any of the 1st through 5th place bowlers be unavailable at the time for the Roll-Off then finishers in order will be chosen. (i.e. 6th, 7th, etc.)

In each game, the bowler with the highest position in the standings will choose the lane on which he/she wishes to start. The opponent will have the choice of bowling first or second. The lead-off bowler will start by bowling 1 frame on the predetermined lane. His/Her opponent will start on the opposing lane and bowl 1 frame on each lane. The competitors will then alternate bowling 2 frames (one on each lane) until the game is completed. The lead-off bowler will again bowl a single frame in the 10th frame. In case of a tie, each bowler will bowl a 9th and 10th frame. This will be repeated until the tie is broken.
