## January 2019 Newsletter

### From the Post Commander:

Comrades,

Thanks to all for a great 2018 and look forward to an even better 2019. We plan on more improvements with the building and grounds this year. Hopefully by summer we will have a nice usable green space behind the post where we can enjoy outdoor activities and some get together to celebrate this great organization.

We are a very diverse organization as we have members in their 20's and some in their 90's. Let us remember that and try to maintain a level of respect towards each other.

Hope everyone had a Merry Christmas and a Happy New Year!

Your in Comradeship,  
*Todd Gonterman*  
Commander
