Updates from the Hawk's Nest

It looks like Hebron will have about 10 new teaching positions next year to help accommodate our growing student body! We look forward to welcoming them in the fall.

The upgraded sound and light system in the auditorium should be completed soon. This long awaited, much anticipated update will help keep the students safe and keep the auditorium more efficient for the large variety of groups who use it.

If you are curious about what the Hebron PTSA does all year, please watch this YouTube video that will give you a good idea of the many things that take place throughout the year.
