Colby Benedict, Carson Benedict

Raffle – Rod Stabler, Ken Walker

Win-One Turn-One – Rod Stabler

Club Tours – Jim Stottlemeyer

Christmas Toys – Lloyd Benedict,
Rod Stabler

Auction – Lester Dice

Greeter – Nelson Zullinger

July's Club Meeting

The club met on July 6, 2017 at 1773 Warm Spring Rd. Chambersburg, PA, 17202. The social began at 6:30pm, and the meeting started at 7:00pm.

The president opened the meeting with a few announcements that have been incorporated throughout the newsletter.

The monthly raffle was held and several prizes were won. The club also auctioned four pieces of wood. A big "Thank You" goes out to all of our high bidders. Thanks to their donations, the club was able to add \$84.00 to the club funds.

Bob Robinson handed out copies of the club's By-Laws to members present at the club meeting, so they would have the opportunity to review the proposed changes. Basically, any reference to board of directors was removed, and changes were made to the officer's meetings section. The club will vote in August whether or not to incorporate the changes.

Bob Robinson is the chair for the "Breast Cancer Project", and provided the club instructions for making the ice cream scoop handles. It is important that the handles are made per instructions, because the engraver needs room to place an inscription. Bob needs 52 handles made, and he would like to have them completed by the August club meeting so he can send them to the engraver.

Evon Barvinchack was the demonstrator for the night. If you have a challenge of drilling a hole and it starts out on center and ends up off center, Evon may have a solution for you. The trick is to use your lathe as a boring machine. Evon demonstrated the process and has good luck drilling a hole this way. He also went over CA glue as a finish, and shared some knowledge on the different types and applications of CA glue. He also showed how to apply the CA glue as a finish and provided a few safety tips.

Lee Burkholder recorded the demo, and it should be posted on his channel shortly. Lee also mentioned that due to copyright laws with the music on the clips, he is required to remove all the clips and re-do them. It's going to involve a lot of editing, and will take a lot of time to accomplish. So you may not see any

video's for a while on the channel. As a reminder, you can [click here](#) to view Lee's channel.

Show and Tell

Our challenges are geared to take our members out of their comfort zone by having them turn a designated item, or perform a certain task. ***The Challenge for July was to turn something using a glued up wood design.***

We also enjoy projects that members are willing to share with the club. This gives other members ideas on what they may want to turn.

Turnings are photographed at the club meetings, and are usually posted on the club's website for all to see. ***To see these and other great turnings please [click here](#).***

The challenge for August is to turn something and use CA glue as the finish.

Shop Tour

The next shop tour will be Joe Wertner's shop on August 12, 2017. You can find Joe's shop at 249 St. Thomas-Williamson F St., St. Thomas PA 17252. Any questions, contact Joe, or Jim Stottlemeyer. Sounds like Joe will be doing a quick demo during the tour as well; should be a good tour.

Club Picnic

The club picnic will be held on September 9, 2017 at Bob Robinson's house. Bob will supply the meat and drinks, members will provide the sides and dessert. Please notify Bob as soon as you can but no later than August 26, 2017 to let him know if you will be able to attend. When you contact him, he will let you know what type of side or dessert to bring. Bob can be reached at popswoodshop@comcast.net or 717-642-6131.

Upcoming Events

Mid Atlantic Woodturning Symposium in Lancaster PA. – October 28th and 29th 2017 - [Symposium Link](#)

Win-One, Turn One

The lucky winner of the Win-One, Turn-One drawing during June's meeting was Lee Burkholder. Lee was presented with a turning made by last month's winner Lester Dice. Lee will not be able to join us for the club meeting in August due to vacation, so Rod Stabler volunteered to bring a turning in him.

Please don't forget to check-out the club's web site.

<http://www.cumberlandvalleywoodturners.com>

***The club's website** has a lot of good information for your viewing pleasure. Please take time to check it out. If you have something you would like to post on the site, send your request to <mailto:secretary@cumberlandvalleywoodturners.com>

***The library** is for your use, please take advantage of it. If you're not sure what we have to offer, you can check our website, or talk to Ken Walker. If you have some videos, or other material that you would like to loan or donate to the library, that would be appreciated as well.

"Tool Sign Out" is available for our members. This is a way to try out some tools that you don't have.

***The newsletter** is here for you. If you would like to post something to share with others, please send your information to:

bmconthego@comcast.net

"Hats and Shirts" – We still have hats at \$12.00 ea. and shirts at \$30.00 ea. See Jim Stottlemeyer if you're interested.

Christmas Toys

Rod Stabler is making tool boxes for the kids. Twenty boxes will be with wooden tools, and twenty will be set up as art kits.

Rod is requesting help with this project to ensure we have nice boxes for the kids. He is asking for help in making tools (screw drivers, hammers, punches) or anything else you can think of and are willing to make. He is also looking for items to set-up the art kits; things like cayrons, color pencils, paint kits, brushes and anything else you can think of. So lets help Rod fill those kits. Christmas is only five months away.

Club Discount

Joe Wiesnet created a 10% discount on his website specifically for our club. Anyone who uses the discount can just type in "Cumberland Demo" to qualify for the discount. Additionally, if you make a purchase before he leaves to come down for the demo, you can choose "Pick up at store" in the shipping choice and he will bring all orders down and save you on the shipping charge.

Officer's Meeting

The next officer's meeting will be August 28, at 1200. The location will be at Brothers Pizza restaurant in Greencastle, PA. All members are welcome, and encouraged to attend.

Next Club Meeting

- August 4, 2017
- Challenge is to turn something using a CA glue finish.
- Demonstration for the night will be done by professional turner Joe Wiesnet.
