## CONSTITUTION'S BICENTENNIAL

The town of Hague will celebrate the Bi-centennial of the United States Constitution on August 14 with a display of historic flags, a printed history of the formation of the Town telling what role it played in the early history of our country and a 6:30 PM performance by the Fort Ticonderoga Fife and Drum Corps at the Town Park. Hague's celebration joins special events that are being held throughout New York State and the United States.

The birthplace of the Constitution was in Philadelphia where the Constitutional Convention was held in 1787. In the heat of that summer, compromises among the large and small states, and among the wide variety of philosophies of those who wrote the document brewed, until final draft of the original Constitution was signed September 17th at Independence Hall. President Reagan will visit that historic site 200 years later to honor that bi-centennial event.

In the hamlet of Hague, where the Town Hall is our center of government, freedom of speech is accorded to anyone who wishes to address the Town Board at their regular monthly meeting every second Tuesday at 6:30 PM, Monday through Friday, when residents may come or call to discuss matters of concern with the Supervisor, Assessors, Developmental Administrator, or to leave messages with the Town's secretaries. Citizens of Hague are fortunate that their governmental representatives are so readily accessible and that the principles of the Constitution are dutifully upheld on a local level. Let's celebrate together the freedoms accorded to us as United States citizens as provided to us in this historic document...Laura Meade

WILLY C'S JUNE/JULY WEATHER NOTES

When we left last month's June weather episode we were heading for cooler, drier weather, or so we said. That indeed was not the case. It was cooler, but not drier. The month turned into one of the wettest this year. 7.90 inches for the month, 3.35 inches coming on the 22nd, another 1.05 inches on the 23d. It was however, not widespread. Ticonderoga, for the month received 5.46 inches and Burlington 4.42 inches. There had to be some difficult days if one were in a tent. But June also had its share of magnificent, what I would call, super summer days with bright sun, fleecy clouds, daytime highs in the upper 70's to low 80's and nighttime lows in the 50's and 60's. You can't beat that. The high temperature for the month 89° on the 25th, the low 44° on the 7th. Top wind gust 32 MPH. We gained a total of 15 more minutes of daylight and lost 4 minutes, for a net gain for the month of plus 11 minutes. From now until Dec. the days will be getting shorter. For the full heating season we were 2.3% cooler than 1986, but 4.3% warmer than normal. We had no thunderstorm activity after June 8. The general wind direction, after the 23d, swung around to the south-southwest.

July, thus far, has been uneventful. Three days with no sun, the 2d, 3d and 7th. Measurable rain fell on the 3d, 4th and 5th. A Bermuda high seems to be establishing itself out in the Atlantic and thus hot humid air is being pumped into the northeast. For example the water temperature in the afternoon on the 8th was 72°. At 9 AM on the 10th the water temperature was 73°, the air temperature 80°. This is the kind of weather, that if you don't have an air conditioner you certainly want to take a swim in the lake. By now, you see, the water temperature has arrived at a civilized level, so that everyone can enjoy a swim. Would you believe many think it is too warm? For those, some scuba gear and thirty or forty feet should remedy the situation.

Have a great summer.

SILVER BAY PROPERTY OWNERS ASSOCIATION

The Silver Bay Property Owners Association will hold a meeting on Tuesday, July 21 at the Hague Baptist Church Annex. Refreshments will be served at 7 PM followed by a meeting at 7:30 PM. The speakers for the evening will be Peter Van Dyck, president of the Lake George Association and William Hennessy, of the Lake George Park Commission. All property owners are urged to attend.

HUD GRANT APPLICATIONS BEING ACCEPTED

Forms for HUD grants are available at the Town Hall between the hours of 8 AM and 5 PM. Major areas of concern are with water, sewage, roofs, and electricity. The completed forms may be turned in at the Town Hall or sent to Warren County Planning Department c/o Rob Hickey.

The target areas for the grants are New Hague, West Hague and Graphite. Other area applications will be accepted, but the target areas will have the first priority.

BELTONE HEARING AID CENTER

We now have a Beltone Hearing Aid Center located in Ticonderoga to serve us here in the North Country. It is headed by Bill Bosch representing Catherine's Beltone Hearing Aid Center of Glens Falls, NY, who has been serving the hearing impaired for 26 years.

It is located on Moses Circle across from statue, in the Moses Ludington Physicians' Office.

The office is open every Thursday from 10 am to 4 pm offering free hearing evaluation tests, service, batteries and repairs in our Glens Falls office. Call for appointment in Ticonderoga 585-7528, or call collect to Glens Falls office when the Ticonderoga office is not open - 798-6428.

Tests can be held in your home at your convenience by calling either office for special appointments.

SABBATH DAY POINT CHAPEL SERVICES

Ministers for the rest of July and into August are:

JULY 19 - Reverend Leon M. Adkins, Jr.

JULY 26 - Reverend Robert B. Marr, D.D.

August 2 - Reverend William Bobinsky

August 9 - Reverend Paul A. Friederich

August 16 - Reverend J. Russell Butcher

SERVICES ARE AT 10 AM. ALL ARE WELCOME.

(See Hague Chronicle June issue for more on above ministers).

NEW BOOK ON LAKE GEORGE

STORIES OF LAKE GEORGE; FACT AND FANCY is the title of a new book by Thomas R. Lord. To order a copy, send a check for \$17.50 plus \$1.25 postage and handling to: Thomas R. Lord, Burlington County College, Pemberton, NJ 08068. This book is an important addition to the library of anyone holding a special love and reverence for Lake George.

PLANNING BOARD

Following the two public hearings, the Board approved the 2-lot subdivision of Martin Fitzgerald's property with the condition that the right of way to the newly created lot be made a part of the deed, and that the right of way would run with the land. The minor subdivision of land owned by David DeFranco which would create two additional lots was also approved. All newly created lots conform to the Town of Hague's Zoning Regulations.

The Site Plan Review Committee recommended approval of Ron Fuller's trailer located on West Hague Road provided that the septic system meets town regulations.

Chairman Costello reviewed the progress of reaching a decision on the number of private residential town houses that will be allowed on the Silver Bay Lodge property to replace the existing 2-story 16-room resort hotel and one-story existing 8-unit motel. The applicant proposes to demolish all existing hotel/motel buildings and construct 5 buildings, 100'x40', with each containing 4 townhouses on the 3.68 acre parcel. Both the Planning Board and the Zoning Board of Appeals appear to be having difficulty in interpreting the portion of the zoning ordinance pertaining to "Nonconforming Uses and Structures" as written in Article 9 of the Zoning Ordinance. Section 9.020 pertaining to Conversion of Certain Existing Uses, reads as follows: "Those structures existing on the effective date of this Ordinance that are associated with resort hotels, rental cottages and group camps should be allowed to be converted from their previous use to individual single family residence use, notwithstanding the fact that such structures, as converted, do not conform to the provisions of the Ordinance or the Shoreline Restrictions." The Ordinance for zoning district TR1-R in which Silver Bay Lodge is located requires 1.1 acres as the minimum land area and 100' of lake shore for each one family dwelling. Robert Koltzman, Esq., representing "Silver Bay Townhomes, Inc" agreed to another extension for the deadline as to when a decision must be reached.

The request of Phil Shuman for a variance to construct a carport on his Silver Bay property received a recommendation of denial based on insufficient information in his application.

Tim Costello, newly named Developmental Administrator announced his new hours in the Town Hall would be all day on Tuesdays and Thursdays instead of his previous 5 afternoons a week....G.Lindquist

ZONING BOARD OF APPEALS - 6/27/87

A public hearing was held on Thursday, June 25, 1987 at 7 PM for Area Variance 4-87 requested by Ray Johnson, Indian Kettles to bring a building height into conformation. (Note: If height is over 30 ft. a special permit is required from APA.) No residents appeared pro or con.

With the opening of the regular meeting at 7:30 Variance 4-87 was approved unanimously.

Variance 5-87 - Phil Shuman, Oneida Bay, was put on hold since neither Mr. Shuman nor a representative was present to explain the hardship.

A letter from John Silvestri was read re: 9.020 of the Zoning ordinance with his interpretation of said town ordinance and APA's section 584.8 relating to conversion of hotels. A discussion by the board followed and a conclusion still has not been reached.

Rules to be followed by the Developmental Administrator in issuing permits:

1. Building height is the verticle distance measured from the average elevation of the finished grade to the high point of the roof.

2. fences - That now side fences, less than 6 ft in height, not within 50 ft. of the lake, be allowed without a variance, subject to the following conditions (setbacks refer to buildings, roof, sides)

a. All adjacent property owners be notified.

b. That all adjacent property owners agree to allow the fences without a variance application.

(This approval must be in writing)...G Lindquist

HUD GRANT APPLICATIONS BEING ACCEPTED

Forms for HUD grants are available at the Town Hall between the hours of 8 AM and 5 PM. Major areas of concern are with water, sewage, roofs, and electricity. The completed forms may be turned in at the Town Hall or sent to Warren County Planning Department c/o Rob Hickey.

The target areas for the grants are New Hague, West Hague and Graphite. Other area applications will be accepted, but the target areas will have the first priority.

LOST AND FOUND

A set of keys was found in the vicinity of Indian Kettles recently. They have been turned in to the secretary at the Town Hall. If you are missing your keys you may identify and pick them up at the Town Hall.

TOWN BOARD - JULY 14, 1987

A presentation, including slides, was made by Jim Hotaling of APA. Several representatives had been in the Town Hall in the afternoon to speak to individuals who had questions concerning the APA.

Dick Bolton remarked that we are state of the art as far as sanitation codes and land use planning. We have made three revisions since 1977, working very closely with the APA. Developments are being encouraged to locate away from the lake instead of along the lake. He commended the two boards, the Planning Board and the Zoning Board of Appeals who handle cases on an individual basis.

After a short intermission the regular board meeting was called to order.

Letter from DEC - State legislative proposal to recover unclaimed beverage container deposits. Governor Cuomo's plan to amend the DEC law to recover unclaimed deposits and establish a state grant fund for grants to municipalities. The governor's proposal would utilize funds for unclaimed deposits for the establishment of land fill closures and recycling program grants to municipalities. If enacted the proposal would provide 50% grants for captoluction costs for land fill closures. The governor's proposal would also utilize grants for feasibility studies for local alcohol crisis centers. The legislature does not plan to act on this proposal during this session.

Supervisor Bolton is opposed to this type of legislation - handing it back for 50% funding. He believes the best way to handle the \$60,000,000 is to give it back to municipalities under state aid. He believes the state formula should be changed and give each municipality those amounts of dollars that they have coming as far as population is concerned.

WARREN COUNTY BOARD OF SUPERVISORS - Status of landfill closure consent. Town attorneys prepared a proposal for submission to DEC which should be drafted shortly. Local town attorneys should be well aware of what has transpired. We had gotten approval some time ago to open landfill but now if we sign order on consent we will be liable. That is the reason we are not signing order on consent.

BASS TOURNAMENT - very successful. It was sponsored jointly by Chamber of Commerce and Warren County Tourism Dept. and Town of Hague. 123 entrants, a record high. A handsome plaque was awarded to the town for their five year support of this tournament from the BASS Federation.

FRESH WATER INSTITUTE - Town water analyzed. There is less than 1 total coliform count, which is ideal for drinking water.

Letter from DOT - A request for the speed at Indian Kettles to be limited was turned down. Lower speed was deemed not necessary. In answer to the request to have brush and weeds cut around state signs and on the lookout on Tongue Mt., the state will take care of it.

State of New York - will receive funds from CHIPS (highway and streets) program. It was increased in 1987 and will continue to increase in the next five years.

A letter from Bill Hennessy, Chairman of Lake George Park Commission re: 5 MPH zone in Van Buren Bay. A resolution adopted by the commission indicates agreement with the 5 MPH zone extending 300 ft. leeward of the mean high water mark level, 320 feet in Van Buren Bay. Markers and equipment will be supplied by the home owners and that there will be provisions for shore side signs or other public notification as described by navigation law. Patrols will make every effort to enforce provisions of ordinance.

Town attorney's letter pertaining to the ordinance on the town beach. We are considering one decal for all property owners which will give them access to the landfill, the boat launch and possibly restricted parking at the beach.

Another letter from Town Attorney John Silvestri to Tom James concerning the Zoning Board's request for a legal opinion on the issues raised as a result of a proposal to change the use of property in the Silver Bay area. Letter on filed in town office.

David Martucci, having asked permission at the outset of the meeting to address this letter from Mr. Silvestri, was given permission to do so. He read a statement in rebuttal of Mr. Silvestri's letter. A lengthy discussion followed.

Letter from George Shoemaker tending his resignation as a member of the Board of Assessors. Resignation accepted.

Mr. Bolton reported a hectic summer at beach. Launch money box has been pried open twice. Money is now removed every night.

Councilwoman Coffin reported the reason the Chamber of Commerce is not sponsoring movies in the park is because it became too big a problem for the Chamber.

One case of swimmer's itch has been reported at Dunham's Bay. This is caused by an excess duck population. (Ed: PLEASE DO NOT FEED THE DUCKS!)

Milfoil is back in boat launch area.

Public hearing set for Aug. 11 at 6:30 for the proposal of the 5MPH zone in Van Buren Bay....DHenry

## TICONDEROGA FESTIVAL GUILD OFFERINGS

The Ticonderoga Festival Guild is off to another fine summer season. A fund raiser was given at Silver Bay by the Champlain Valley Chorale which held an audience in thrall with enchanting music.

Tuesday night, July 14, the Metropolitan Brass Quintet sounded forth under the Ti Festival tent, followed by a reception.

On Tuesday, July 21 audiences are anticipating The Cambridge Buskers, a comedy-music duo from England. Ti Festival fans are also looking forward to the return of the Savoyards, a talented young singing group who captivated all with Gilbert and Sullivan song and dance routines last year. This time they present a program of fine old favorites from the stage and music halls before the Broadway musical. That date: Thursday, July 30 - "Before Broadway"

Tuesday, August 4 brings a double feature - the Green Mountain Blue Grass starting at 7 PM, followed by the Green Grass Cloggers, a North Carolina group who have kept alive the old "quick step and clog" dance of their colonial ancestors who brought the tradition from their roots in England, Ireland, Scotland and Wales.

The final concert on August 13, The Vermont Jazz Ensemble features the Big Band Sound.

On Friday, August 7 at 8 PM a sparkling show of area performers will be presented in TALENT TIME 11. Singers, dancers, barber shop, soloists, comics --all have lined up to provide a varied night of entertainment. Several Hague residents will be performing in this show, including Mertis Armes and Happy McPartlin.

On Saturday and Sunday, August 8 and 9 look for a fine Arts and Crafts Show, with North Country crafts for all to see, enjoy and buy.

All Ti Festival Guild events are held under the tent on the Ti Village Green. Please take your own lawn chair. Tickets are \$6, \$5 for Sr. Citizens and \$4 for students, 18 and under. They are on sale at RADIO-SHACK BOOKMARK, Ticonderoga or at the tent entrance on performance nights.

Don't forget also the free children's performances each Wednesday at 10 o'clock.

The Guild is indebted to the International Paper Co. Foundation, the NY Council on the Arts, NY State Division for Youth and Essex County Youth Bureau for underwriting grants and also to members' contributions....BDeGraff

## HAGUE VOLUNTEER FIRE DEPARTMENT

June proved to be a busy month for the Hague Ambulance Corps. The ambulance made 21 runs, travelling 1305 miles, requiring 186 man hours. These runs include emergency situations as well as prearranged transports for medical assistance.

We wish to thank all those who work diligently to provide our community with this medical service. The summer months in our resort community certainly require an additional effort with the increased population.

In addition to normal emergency activity, we are proud to announce that 7 members have completed courses and received state certification as emergency first responders. This addition provides increased medical service to the community. We commend the hard work and dedication of these members.

On a sadder note, we were grieved by the recent death of Dale Frasier. In memory of Dale, the Dale Frasier Memorial Fund has been established. This fund will be used to purchase an automatic suction unit for the ambulance that will enable us to provide better service to the community.

Donations may be made to The Dale Frasier Memorial Fund, Hague Fire Department, Hague, NY 12836.

BORN - A girl, to Cynthia (Craig) and Robert Fugett in Santa Rosa, CA on July 16. Proud grandparents are Alison and Bruce Craig, Friends Point.

BORN - A girl to Peter and Debbie Denno in June in Arlington, TX. Grandparents are Bernard and Anno Denno, Hague.

LAKE GEORGE ASSOCIATION meeting Saturday, July 18 at Bolton High School at 9 AM.

...speaking of brevity - it reminds me of the story of the cub reporter who was told by his editor "If you want to be a good reporter, you must be brief. Just get the facts and telephone number."

On his first assignment he called the editor and said, "John Jones was looking up the shaft of the elevator to see why the elevator didn't come down. He was 45 years old."...Armand Hammer

LAKE GEORGE LAW

Both houses of the legislature have passed a bill containing two proposals which would have significant impact on the Lake George Basin; the signature of Governor Mario M. Cuomo is required before the bill becomes law. One part of the bill would restructure the Lake George Park Commission to give it broader police powers on the lake and the other part would permit the construction of new sewage treatment facilities in the Lake George Basin. Hague Supervisor Richard Bolton is in favor of both aspects of the bill and the final draft also had the support of the Warren County Board of Supervisors, Assemblyman Neil Kelleher (R-100th Assembly District), Maurice Hinchey (D-101st Assembly District), Senator Ronald B. Stafford (R-45th District) and The Lake George Association. Opposing the bill was the Lake George Boaters Association since the new law permits the taking of user fees on docks and boats on Lake George. A. Craig
