The Woodcliff Lakes Association, for the safety and protection of all persons utilizing Woodcliff facilities, has established the following rules and regulations. These rules and regulations apply to all persons, including guests. It is the responsibility of the host to inform their guests of these rules and to assume the responsibility for their conduct while at Woodcliff. Ignorance of the rules and regulations will not be considered a valid excuse. Any member, upon observing a violation of rules and regulations, should notify Woodcliff Security.

Covenants take precedence over all rules and will be handled administratively by the Woodcliff Lakes Board of Directors and the Woodcliff Lakes Office.

GENERAL REGULATIONS

1. No trespassing. Anyone caught on Woodcliff Lakes property without being an identified guest will be asked to leave. If not willing to leave, the county sheriff will be notified. Woodcliff Lakes is private property and intended for the use of homeowners and their guests. Solicitations are prohibited unless solicitor is a Woodcliff resident.
2. All dogs and cats must be on a leash or under control of the owner when off the lot owner's property. Within the owner's lot, unrestrained or unattended dogs and cats should be in a kennel or fenced yard (including invisible fencing). No stray dogs or cats are allowed. Dogs and cats found running at large will be placed in the kennels maintained at the Security office, and the owners will be assessed a \$50.00 kennel fee per animal, per day. Excessive barking, howling, and whining by dogs when outside will not be tolerated, and dog owners are required to take steps to prevent such behavior, or a citation will be issued.
3. Members are responsible and liable for the actions of their pets, as well as the pets of their family and guests, and must ensure that their pets have had all required shots.
4. Open burning is restricted to small, controlled recreational fires on a member's lot, tended by the member or guest, and must be contained within a constructed pit or fire ring. As per state regulations, burning materials are limited to tree limbs and untreated wood. Burning of tree limbs and untreated wood other than for recreational purposes requires a properly attained burning permit. Violators will be reported to the fire department.
5. No burn barrels or similar devices will be allowed for any reason.
6. All vehicles are required to have current registrations/licenses as per Nebraska State Law unless located in an enclosed garage.
7. All personal signs such as "garage sales", "parties", etc., are required to be removed within 24 hours of the event. No real estate "For Sale" signs shall be placed on any common ground or within 100 yards of the Woodcliff welcome sign located at the entrance to Woodcliff. Political signs are acceptable on private property but should be removed in a timely manner. Non-conforming signs will be removed and disposed of.

Consideration should be given to adjacent residences.

9. Dumping leaves, yard waste, or other “trash” into the lakes, on the roads, or on common grounds will NOT be tolerated. **Dumping near or improper use of recycle bins, which is on common ground, will result in a citation and fine. Items go in the bin, not just over the fence. Acceptable items are plastics, milk jugs, aluminum, tin, newspaper, magazines and flattened and folded cardboard. Not acceptable items are: glass, batteries, Styrofoam, tires, paint cans, and furniture.**

Anyone caught littering is subject to prosecution in Saunders County Court. If the litter is not voluntarily removed within 48 hours of notice, the violator will be assessed the cost of the cleanup, along with possible loss of lake privileges. Each lot owner is required to provide their own proper disposal of debris and yard waste. Information on companies providing disposal services is available at the Woodcliff Office.

10. No feeding of migratory geese and ducks is allowed. Feeding of migratory waterfowl interrupts the natural migration, and is detrimental to the species. Waterfowl staying on the lake due to the access of the supplemental feed is also detrimental to the lake’s water quality.

11. No vehicles, trailers, carts, motor homes, mobile homes (whether such items are licensed or unlicensed) shall be allowed to be parked on the roads or common areas, except temporarily (72 hours or less) in connection with special events and to accommodate guests of lot owners. Any sand, gravel, or other aggregate brought in without Board Approval will be subject to a fine of \$500 for the first offense, \$1,000 for the second offense, and \$2,000 for the third offense and be removed at the expense of the lot owner.

13. Contractors must maintain a clean construction site, including an adequate dumpster for collection of construction debris and port-a-potty facilities.
