ABOUT WEALTH WITHOUT STOCKS OR MUTUAL FUNDS

John Jamieson shows you that you don't need stocks, mutual funds, or even a 401k to create your own wealth. There are dozens of alternative strategies that can be used instead of or even in conjunction with the stock market. Jamieson reveals and demystifies the 11 Pillars of Riches which are made up of the 7 Gears of Wealth:

- 1) Income- money received from your job or business. Find out to make full time money working very part time hours

- 3) Cash- maintaining adequate reserves are critical while at the same time having those funds work for you in your sleep
- 4) Guaranteed Income- How much income do you need and how much can you count on when you cut back hours on your Income gear?
- 5) Debt- Find out how to pay off debt in record time which automatically increases your wealth and net income
- 6) Long term care- what would you do if you needed help to live? Wishing that it won't happen to you is not a strategy
- 7) Legacy- What would you like to leave behind for your family and society?

And the 4 Wealth Drains of:

- 1) Income taxes- dramatically reduce yours legally
- 2) Market losses- never have to lose a dime in the market again
- 3) Interest and fees paid to banks- become the bank to beat the bank
