

THE EQUINOX ECLIPSE PATTERNS

PROPHETIC TIMES AND SEASONS RELATED TO THE END OF THE AGE

The following illustration will attempt to associate some of the peculiarities of the total solar eclipse of March 20, 2015 in regards to planet alignments, dates and numbers to some obvious occultic innuendos. There are several unassuming occultic associations because of where and when this particular eclipse occurs. The eclipse occurs just to the east of Iceland on the Spring Equinox at the point of what is referred to as the Greatest Eclipse at the 77th degree latitude, north. This rare Equinox Eclipse occurs just hours between the midpoint of the day over Reykjavik, near the equal amount of 'day' and 'night' of the year. It is a rendering of the equilibrium of the light and darkness, a balance between 'good' and 'evil', as above, so below. This study strongly suggests that this total solar eclipse on the very day of the Spring Equinox could be an announcement or the sign of the coming Biblical Antichrist 'prince'. What is peculiar about all these planetary alignments is that a celestial hexagram or 'Star of David' or of Rem'-pha is configured. This in turn construes a *tetrahedron*. What these celestial alignments could possibly infer is that there will be a portal for Mercury to come forth from, that is Thor or the Wizard. In sorcery, a *hex* is an evil spells cast upon others or configured to be a place where inter-dimensional crossing-over from the spirit world can or will occur. To the sorcerers or Wizards, the hexagram is a powerful tool to invoke the presence of Lucifer and demonic spirits. Will a celestial portal open up at this time and place that will see the Satanic powers of evil cross over? Perhaps this very Prince Thor, this very Wizard will come on the scene on Earth that is expected at this time or thereafter.

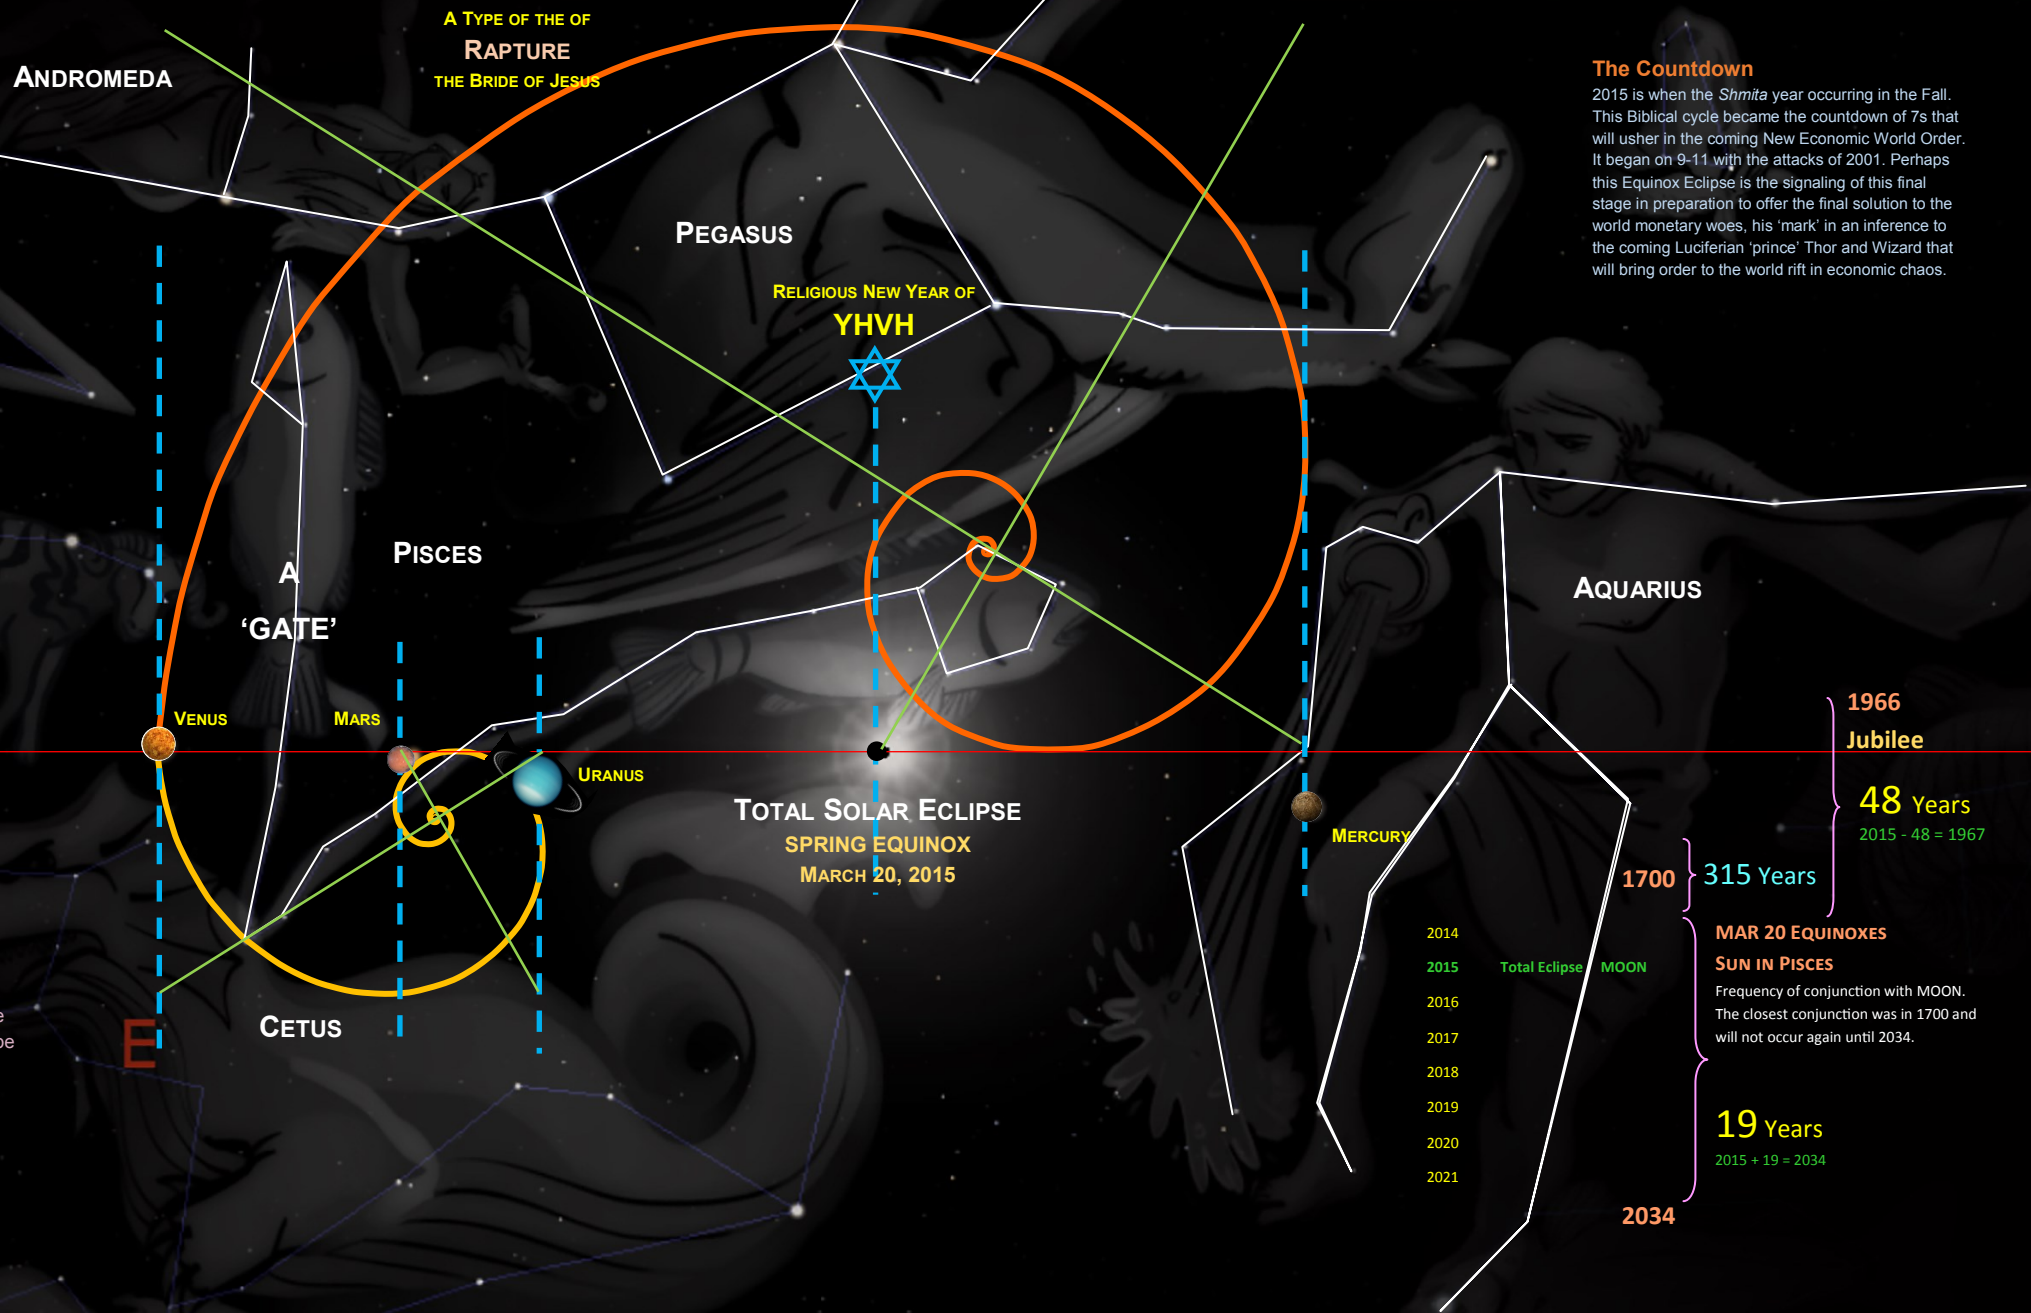

CELESTIAL ALIGNMENTS

The eclipse will be occurring approximately in the middle of the 2nd and 4th Blood Moon of the Tetrad sequence of 2014-2015. It will also be in-between the 2 pairs of planetary alignments in Pisces and Aquarius. The illustration will show that the planets in the solar system will depict a hexagram with Mercury at its core. Thor is equated to be Mercury. Mercury would thus serve as the fulcrum being the key in its celestial position and prominence.

The Countdown

2015 is when the *Shmita* year occurring in the Fall. This Biblical cycle became the countdown of 7s that will usher in the coming New Economic World Order. It began on 9-11 with the attacks of 2001. Perhaps this Equinox Eclipse is the signaling of this final stage in preparation to offer the final solution to the world monetary woes, his 'mark' in an inference to the coming Luciferian 'prince' Thor and Wizard that will bring order to the world rift in economic chaos.
