Indicate the Distance Between Columns of Rings Your mounting board will be built according to the measurements you provide below: Your sketch does not have to be to scale, but the numbers must be accurate to the nearest 1/8". Draw vertical lines to show the columns of rings. Be sure to include every column, including those close to the edges of the board. The first two columns are sketched for you. Write the measurements to indicate the distance between each column of rings and the next. Measurements must be accurate to the nearest 1/8". We will not make any additional deductions. **CHECK THAT MEASUREMENTS ADD UP TO THE EXACT SHADE WIDTH**
