

Dear Brethren & Prospective Attendees,

On behalf of the Regional Organizing Committee, I send you greetings in Jesus name. We eagerly look forward to your fellowship at the Jubilee ACL in Jamaica.

As you are aware, the COVID 19 virus has understandably caused some concern for some who have been planning on attending this year's historic event. I want to assure you that the ROC and the Local Organizing Committee (LOC) are keeping abreast with developments in Jamaica and the region.

We thank God that there are no confirmed cases of infection reported in Jamaica as of March 5th, 2020. We want to advise you that the Jamaica government has placed entry restrictions on anyone who visits or has been in transit in China, Italy, South Korea and Singapore. We also advise that you consider the value of travel insurance.

As Chairman, I will keep you advised on the situation with the Corona virus in its relation to Jubilee ACL. The ROC is being proactive in its leadership of this event and will provide an official update on March 21st, 2020.

We ask you to join us in fervent prayer to God that through these challenging circumstances, his name will be glorified, lost souls will be brought to Christ and his people will enjoy his divine protection.

Sincerely,

Thaddeus Bruno Interim Chairman of ROC
