

KENDALL POINTE SURGERY CENTER

Delineation of Privileges Orthopedics

Physician Name: _____ Date: _____

	Privileges	Denied	Granted	With Consultation
	SHOULDER GIRDLE			
	ALL SHOULDER GIRDLE PROCEDURES			
	Bone graft clavicle			
	Resection of clavicle			
	Open reduction clavicle			
	Open reduction fixation			
	Acromioclavicular joint or Sternoclavicular joint			
	SHOULDER			
	ALL SHOULDER PROCEDURES			
	Repair rotator cuff			
	Tendon transplant			
	Recurrent dislocation			
	Arthroscopy of shoulder			
	Diagnostic			
	Operative			
	Incision calcific tendonitis			
	Open reduction, internal fixation fracture upper humerus			
	Aspiration			
	Manipulative reduction dislocated shoulder			
	HUMERUS			
	ALL HUMERUS PROCEDURES			
	Resection tumor			
	Bone Graft			
	Tendon transplant			
	Open reduction and internal fixation			
	ELBOW			
	ALL ELBOW PROCEDURES			
	Arthroscopy			
	Diagnostic			
	Operative			
	Open reduction and internal fixation			
	Excision radial head			
	Tennis elbow release			
	Resection fracture olecranon			
	Ulnar nerve transfer			
	Aspiration			
	Closed manipulation dislocation			
	FOREARM			
	ALL FOREARM PROCEDURES			
	Open reduction and internal fixation of both bones fracture			
	Bone graft			
	Tendon transplant			
	Tendon repair or graft			
	Closed treatment displaced both bone fracture			
	Excision distal ulna			

KENDALL POINTE SURGERY CENTER

Privileges	Denied	Granted	With Consultation
HAND & WRIST			
ALL HAND & WRIST PROCEDURES			
Arthrodesis			
Carpectomy			
Bone graft carposcaphoid			
Amputation			
Prosthesis			
Colles fracture displaced			
Decompression of carpal tunnels, dorsal and volar			
Excision ganglion			
Resection radial styloid			
Removal of foreign bodies			
Biopsies			
Injections/aspirations			
Scar Revisions			
Flexor tendon injury repair			
Trigger finger release			
Fasciotomies/fasciectomy			
Osteotomy			
Capsulotomies			
Dislocations, sprains, strains			
Arthroscopy			
Diagnostic			
Operative			
Incision & drainage of paronychia, finger, hand infections & hematomas			
Excision of hand & finger tumors & lesions			
Excision of nail & nail matrix			
Repair of nail beds & reconstruction with nail bed graft			
Repair of hand lacerations			
Adjacent tissue transfer & skin grafting			
ORIF hand, finger, wrist fractures			
Arthrotomy of radiocarpal or midcarpal joint			
Capsulotomy of wrist and finger joints			
Repair of triangular fibrocartilage complex			
Excision of lesions of tendon sheath			
Excision of ganglions of wrist & digits			
Synovectomy of wrist, digits and tenosynovectomy of digits			
Excision & curettage of bone cysts or benign tumors of bones of wrist, digits, and bone grafting			
Partial excision of bones of wrists and digits			
Carpectomy, one or more carpal bones			
Excision of distal ulna & matched ulnar resection			
Removal of foreign bodies of wrists & digits			
Lengthening or shortening of flexor or extensor tendons			
Tenotomy of flexor or extensor tendons			
Tenodesis at wrist or digits			
Tendon transposition or transfer, extensor or flexors, forearm, wrists, and digits			
Arthroplasty, wrists & digits			
Osteotomy of radius, ulna, or digits			
Radial or ulnar shortening or lengthening			
Repair of non-union of scaphoid, other carpal bones, & bones of digits with bone grafting			

Name: _____

Orthopedics

KENDALL POINTE SURGERY CENTER

	Privileges	Denied	Granted	With Consultation
HAND & WRIST, Continued				
Interposition arthroplasty intercarpal or carpometacarpal joints				
Intercarpal & radiocarpal arthrodesis				
Arthrodesis of hand & digit joints				
Open palm technique for fasciotomy or fasciectomy				
Tendon grafting extensor & flexor				
Extensor tendon realignment, hand and digits				
Opponensplasty using tendon transfer & grafting				
Cross intrinsic transfer				
Intrinsic release				
Capsulodesis of wrist & digits				
Arthroplasty of digits				
Repair & reconstruction of collateral ligaments of digital joints				
Repair of congenital deformities including syndactyle, camptodactyle, and clinodactyle with skin grafting				
Release of scar contractures of wrist & hand				
Microsurgical repair of nerves, blood vessels				
Nerve grafting				
Release of entrapment neuropathy of upper extremities with or without transposition (carpal tunnel, cubital tunnel, radial tunnel, ulnar tunnel)				
Endoscopic carpal tunnel release				
LEG & KNEE				
ALL LEG & KNEE PROCEDURES				
Bone graft of femur				
Resection of tumor				
Tendon transplant				
Epiphyseal stapling or fusion				
Tendon transplant and releases				
Ligament reconstruction				
Displaced tibial plateau fracture				
Resection of tumor and bone graft				
Open joint injuries				
Arthroscopy of the knee				
Diagnostic				
Operative				
Arthrotomy				
Meniscectomy				
Patellectomy				
Aspiration				
LOWER LEG, TIBIA AND FIBULA				
ALL LOWER LEG, TIBIA AND FIBULA PROCEDURES				
Comminuted fracture tibia				
Intramedullary nailing of tibia				
Bone graft				
Epiphyseal stapling or fusion				
Excision of tumor				
Displaced fracture tibia, closed manipulation				
Open reduction with simple screw fixation				
ANKLE				
ALL ANKLE PROCEDURES				
Arthrodesis				
Ligament reconstruction				
Arthroscopy of the ankle				
Diagnostic				
Operative				
Open reduction and screw fixation				
Arthrotomy of the ankle				

KENDALL POINTE SURGERY CENTER

	Privileges	Denied	Granted	With Consultation
	FOOT			
	ALL FOOT PROCEDURES			
	Compound fractures			
	Triple arthrodesis			
	Open reduction compression fracture			
	Tendon transplant			
	Displaced fracture			
	Heel cord section			
	Plantar fasciotomy			
	Phalangectomy			
	Amputation, toe			
	Other:			

I am competent based on my education, training and experience to perform the procedures checked above. My signature on this application represents a request for privileges for the clinical procedures described above.
