DESCRIPTION: This Martin MX 400 (Howatt Cavalier) is a nice looking and performing recurve. Maple riser. Bow has no delamination; no cracks; limbs are straight. Trade-mark Howatt tip overlay on the face limbs. Overlays and tips are in good condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in poor condition. The only other flaw in this bow is the typical "yellowing" of the varnish. The yellowing is not uniform, but somewhat spotty (see pics). Overall, this is a really nice low poundage all-purpose bow in excellent condition for its age.
