Dear Sirs:

As per our two phone conversations Ruben, on 3-24-2022 at 11:41am, I am sending both of you this information at your recommendation Mr Garcia. As noted, you will forward this to Senator Rob Portman.

Dear Gentlemen,

My name is Michael Bickelmeyer. I am a United States Of America Presidential Candidate Republican, three election cycles now and running once again now in preparation for our 2024 Presidential Election.

The purpose of my message is I have four Intellectual Properties which I have assigned Management Operations over to The United States Secret Service.

Mr. Greg Truhan United States Secret Service (Retired), informed me non verbally all four Projects have been approved in Washington, D.C.

Two of my Projects are at The United States Patent Office, one is a Federal Grant Application Project with The USDA here in Columbus, Ohio room 507 Randy Monhemius. the last is a IRS Tax Exempt Application, held in Secrecy by The Internal Revenue Service.

Gentlemen with your guidance, I would like to have all four Federal Projects submitted as Bills to our United States Of America Federal Congress at Capitol Hill, and passed.

You can find three of my Federal Projects in my Campaign Website, [www.MichaelBickelmeyer.com](http://www.MichaelBickelmeyer.com). Just click on the research tab and locate the headings on the left, Touchdown 1, Touchdown 2, and Touchdown 3. The fourth Federal Project I am sure you have access to with The Internal Revenue Service.

If you like, I can write all four Bills with your guidance.

Gentlemen, please contact me by phone, as I receive countless emails, and they are difficult to track.

Thank You and Regards.

Sincerely,

Michael Bickelmeyer
