 OF CALIFORNIA

JULY 2019

John Sigismondi Master

j.sigismondi@sciots.com

My Brothers, I am writing you today on June 21st 2019 Today is the first day of summer. In July, our dear friend and Past Master Paul Chavez will be begin the process of moving to Eugene Oregon. Worshipful Paul will remain Junior Warden for the balance of the year and will be travelling backwards and forwards in the coming months. Worshipful Paul WILL receive his well deserved Hiram award sometime in July date TBD. All of you know my background in heavy industries mainly the railroad, so let me draw some analogies between my roles as Master and the history I have in heavy industry. Before you can "hit the start button" on any big diesel engine, pre lubrication is vital and is provided by an aux oil pump. The pre lube pump is usually online always providing lube oil to the vital parts of the big engine. WM Paul was the pre lub pump for our Lodge providing the vital lube to prepare for the hot start operation This enabled me to hit the start button. Bringing the huge powerful engine to life. The pistons were well lubricated, the crankshaft was also well lubed. All I needed to do is to engage the glow plugs, open the valves to the air starter, crank over the engine and watch the behemoth breathe FIRE! 5000+ HP . We ARE the closest Lodge in California, WE ARE the most connected Lodge in California and WE WILL NEVER, NEVER look back! Rock on Brothers!!!! !

Happy Birthdays Brothers!

Brother Peter Cardilla

petercardilla@gmail.com

Hello Brothers,

As the youngest Entered Apprentice in our Lodge, it is my honor to have been asked to contribute a piece to this month's Trestle Board. I must start by expressing the most sincere thanks and heartfelt gratitude to every Brother whom I have met in the less than two months since I was initiated into the Fraternity, for the most warm and fraternal welcome which to me they have extended. Also as the youngest Entered Apprentice in our Lodge I carry a distinction that I eagerly look forward to relinquishing to the next worthy candidate who comes to our Lodge seeking the degrees of Masonry -- that meaning our Lodge and our Fraternity are growing and healthy and meet for the work of the future.

As a new Mason, I am excited to grow my knowledge of and join in the labor of this work and I wish to again thank my Brothers, this time for the many new opportunities, those I have already been given and the many more I anticipate, to participate in the noble work of helping the community and my fellow Masons. As many hands make light work, I understand the importance of continuing to see our Brotherhood vibrant and vital and prepared for every type of good work in the immediate and the foreseeable future, and I commit myself alongside all of you, my Brothers, to the accomplishment of this fine goal.

Finally as a man intrigued by and, in many ways, in awe of the tradition and mystery of Masonry for years before approaching the Lodge, I am delighted by and with everything that I am learning in Masonry and count it to be no small blessing that I find myself among Brethren of such charitable spirit and rich and diverse experience and background as to be finer as friends and mentors than I ever imagined.

With the most sincere fraternity, loyalty, and gratitude to you my Brothers,
Peter M. "Pete" Cardilla

Brother Zeke Floro

zfloro@yahoo.com

Brothers and Fellows,

Well, it's Summer Solstice and our days will now start to grow shorter again. We may not break ground on our building repair project this year, but we are making significant progress. Please take the time to join us for our Hall Association meetings, where we'll be reviewing the floor plans and discussing the various new uses we can make with the building. Just imagine what we can do when the work is completed and the bathrooms are brought up to code for handicap accessibility! For example, on the days and nights when we're not using the building for Masonry, we are well within our rights to use the place as a general-purpose community meeting hall and earn a rental income.

To complete the repair work, we still have a few steps to perform. As soon as we agree on the floor plan, the architectural plans will be combined with structural engineering plans, and we'll be able to complete our cost estimates and put together a proposal for Grand Lodge approval. After that, we submit the permit applications to the County, get contractor bids, and start making plans to break ground. Thank you all for electing me to the Hall Association. I'll do whatever it takes to fix the place up and make our dreams a reality!

Fraternally yours,
Zeke Floro
