

Spiderweb Weaving

Materials Included:

- 1 plastic spider
- 3 craft sticks
- 16' of white string

Things You Need From Home

- Glue

Instructions

1. Place all three craft sticks one on top of the other in a star shape (like this ✳) putting a dot of glue to hold them if necessary)
2. Using the string, begin wrapping the string around each craft stick moving from one to another on each wrap.
3. When your web has enough strands, tie the string around the last craft stick, leaving enough string to hang it.
4. Attach your spider with glue and allow it to dry. Hang in the window.
