

# UC Youth November 2018 Newsletter

It's hard to believe that winter is just around the corner. We truly feel blessed to work with such amazing kids! We had a great time at our Pumpkin Carving Party last month and we hope you enjoy the pictures. We want to wish everyone a great Thanksgiving and Christmas Break!

## Missions

This month we are raking leaves for people in the community. A group of us will be raking leaves after church on November 18th in Liberty. If you know someone who needs help raking their leaves, please contact us and we would be happy to help. Also on November 20th we will be providing a Thanksgiving Meal to the Brianna's Hope Chapter in Liberty. We enjoy lending a helping hand in the community and we are always up for new mission ideas or suggestions, so please let us know if you have one.

## Events

A small group of us went to the Fields of Faith Event in Muncie on November 1st. It was a wonderful event that left us all feeling inspired and encouraged to spread the love of God. The event included testimonies from high school students, a time of worship, and a testimony from Tim Tebow. On November 14th we provided food before the Fall sports banquet to celebrate the athletes for their accomplishments this season. We enjoy watching the students show off their athletic talents.

## Upcoming Events

December is going to be an exciting and busy time for Alex and I as we will be welcoming our new baby girl into the world. We will be taking the month of December and January off to be with her. We will stay in contact with the youth during this time but we will not be having events or missions during these months. In February we plan to start back with mission and events.

## Contact Information

Brooke and Alex Murray
