

Granby Pack 34

With our first annual corporate sponsorship program, individuals and businesses get to join in on the fun.

For a low suggested donation of \$25 per vehicle entered (cost of the car is included) you can design your car to advertise for your company or simply make a cool looking racer. All vehicles entered into our corporate class will be featured on granbyscouts.com along with your business name and logo (if supplied).

You can design and build your car or commission one of our scouts to build it for you.
