LENT “Way of the Cross”	Buffet and snacks

WEB SITE INFORMATION:

The red buttons on the left side of the HOME page will have the information shown to the right. The only restricted files are shown with a (PW) meaning that a password is needed to view them. Restricted data includes any personal information of members, addresses, phone numbers, email addresses. The Grand knight will distribute the Pws as requested.

Activities are broken into two groups, the general ACTIVITY Info,, available to all, and the **activities detailed**, the more sensitive PW restricted data as indicated above.

CALENDARS The monthly calendars will only show the activities planned for that month; additional information can be found in the activity detailed file. It was a lot of work to keep several monthly updates done when the information could be found in one file.

The link to the HOME CARE MANUAL is the entry to its start page. You should really take a look at it! If you know of someone that has to take care for someone, this is a good place to get information. It is a big file but you only need to use the parts that you need. Think of it like a dictionary; you only go to it when you need specific information.

The Orange box is where other activities can be found. Those that do not require council participation or support but are there to allow passing on other activity information.

We have an email account with the web site. The Grand knight can be reached vial the email address:

GK@kofcfortmyers13624.com

All officers can be reached with the group mailing addresses aloff@kofcfortmyers13624.com and aloff2@kofcfortmyers13624.com. Two group addresses were needed because of the space limitation for group address.

This should be rarely be used and only when it is needed. It was generated to help the GK send out messages.

We can use the web site to expand and express comments for any council activity.

The webmaster will only add comments that are approved by the Grand Knight.

Web manager can be reached at info@kofcfortmyewrs13624.com.
