The Canadian Conference of Catholic Bishops (CCCCB) has joined many religious leaders in Canada in launching a joint campaign to raise emergency aid for the 20 million people in danger of starvation. Many millions are already in that situation. Situations of war and violence are mainly responsible for this crisis. The Government of Canada has created a **FAMINE RELIEF FUND**—For every donation made before June 30, 2017, the federal government will contribute an equivalent amount to this Fund. If you are able, please give generously by the end of this month! Contributions however will be needed throughout the summer and well into the fall. A special collection will be taken in all the churches of the diocese on June 24 and 25 to be sent to Development and Peace. To receive a tax receipt issued from the parish, place your contribution in an envelope clearly marked **FAMINE RELIEF** and include your name, envelope number and address. For other ways to contribute you can visit the CCCB website at [www.cccb.ca](http://www.cccb.ca).

## IT'S OK TO SAY NO - SAY NO TO PANHANDLING

By supporting panhandling, you may be contributing to the problem, whatever it may be...Recent stats indicate more than 95% of people panhandle to feed their addictions. Be part of the solution by supporting the agencies that provide services to those in need, community contributions go a lot further towards employment, housing and social services that go directly towards supporting those in need.

Next Wednesday, June 28th, there will be **NO MASS AT IMMACULATE HEART OF MARY** as they host Vacation Bible School.

**St. Augustine's  
Income / Expenses 2016**

**St. Augustine's  
Income / Expenses 2016**

**Clarifications on the statement headings:**

- \* Ordinary collections are loose monies (coins or cash) put in the collection basket.
- \* Envelopes include regular envelopes, Lenten folders and regular Pre-Authorized Payments.
- \* Other income includes stole fees, candles, rental income, interest income, etc.
- \* Church goods include candles, hosts, wine, flowers, music fees, pastoral materials, etc.
- \* Maintenance and Repairs - Maintenance relates to general maintenance around the church and rectory and office equipment maintenance while repairs relate to larger repairs to items such as the church steps, roof, etc.
- \* Taxes include property taxes applicable to the basement of the St Augustine's Villa, water and sewer costs for the church and parish office and, the annual tax (called the cathedraticum) paid to the diocese as our cost of the services which the diocese provides to all parishes.
- \* Other expenses include bank and service charges and any miscellaneous expenses.

**General observations in regard to income and expenses:**

The great news is that 2016 income exceeded expenses by \$34,478 which is very similar to 2015. Staff did a great job of continued good expense control to keep the expenses in line with 2015, where possible. Also, part of this saving relates to the fact that the parish has not filled the business manager position or initiated other parish efforts requiring funding.

**In summary:**

- Income from Envelopes was down somewhat in 2016 vs 2015 however, ordinary collections, donations, other income were higher in 2016 than in 2015. Donations to the building fund were also down in 2016 in comparison to 2015. These are the main sources of revenue for the parish so it is very important, to the financial health of the parish, that these remain strong.
- Salaries, travel, office expenses, parish activities and other expenses in 2016 were all fairly consistent with 2015 expenses.
- Church goods were up slightly in 2016 over 2015.
- While maintenance costs were down slightly in 2016 compared to 2015, repair costs were up in 2016 as a result of repairs to the church steps and roof.
- Heat, electricity, telephone, etc. were down in 2016 compared to 2015 mainly due to very strategic recommendation from the Building Committee to switch to oil and avoid the higher costs of natural gas.
- Taxes were up in 2016 over 2015 mainly because of a slight increase in the diocese tax (cathedraticum).

While the parish's income has exceeded its expenses in 2015 and 2016, keeping our parish healthy from a financial, spiritual and social point of view will likely require more investment in staff and initiatives in future years. In the coming months, the Local Parish Council and the Finance Committee will be discussing the needs of the parish and the resources required to keep the parish properly maintained and growing spiritually and socially.

The parish's main source of income comes from the contributions from all of us and depends very much on our generosity. Hopefully we all will give generously to our church so that it can continue to thrive and to be the wonderful parish that it is.

Saint Lawrence O'Toole Cemetery may appear to have many open spaces however it is quickly filling in and only the rear portion is now available for burials. Much of the open space in the rear section has actually been pre-sold to families so one cannot assume open space is available.

Saint Lawrence O'Toole is considering the purchase of a Columbarium for the cemetery for the above mentioned space restrictions and a number of other reasons.

The cemetery has been in use since the 1830's and many of the plots are presently occupied. Many of the older plots and some of the newer ones do not have stones but they are occupied and the burials are recorded in our records. There are actually over 1100 plots which are either occupied or pre-sold to families and therefore not available for new burials.

Thus considering the above and combined with the fact that many people are opting for cremation with urn burials today, we are considering the purchase of a Columbarium.

A Columbarium would free up the cemetery for Parishioners of St Lawrence O'Toole wanting casket burials and at the same time be a good option for those who prefer urn burials but do not want their urns placed below ground.

We can arrange a presentation in the fall if you would be interested in exploring the benefits of a Columbarium. The presentation would be held at Saint Lawrence O'Toole and would answer any questions you may have regarding benefits, costs and how to handle a pre-sold plot that may have already been purchased.

In order to gauge the level of interest in pursuing this option we ask that you mark either "Yes" or "No" on the form provided at our Church entrance.

If there is sufficient interest our next step would be the information session and after that presentation, we again would determine the level of interest to see if our Parishioners wish us to proceed to the next level.

Thank you for taking the time to let us know if you are interested in pursuing this option.
