

PREMIUM ROOF SERVICE PLAN

SOLARHAWK is proud to provide you with our Premium Roof Service Plan. Created specifically for SOLARHAWK customers, this offering is unique in the residential solar industry and exclusive to SOLARHAWK customers.

STANDARD PROTECTION

Because roofing professionals are most concerned about a roof's performance within the first 1 to 5 years of work completion, licensed solar contractors are required to offer a standard 5-year roof-penetration warranty on their workmanship. This protection is already guaranteed to you in your solar agreement with American Solar Direct.

PREMIUM VALUE

At SOLARHAWK, we know that most roofing issues could have been avoided if they were only discovered early on. As such, SOLARHAWK is proud that our Master Roofer will help you to ensure the protections of your Roof Penetration Warranty with American Solar Direct, as follows:

1. PREVENTATIVE MAINTENANCE

SOLARHAWK'S Master Roofer will visit your home once a year for the next five years to physically assess and help maintain the healthy condition of your roof related to your solar installation, with:

- ✓ An expert assessment of the integrity of your solar footings
- ✓ An expert assessment of your Pipes and Vents
- ✓ A summary inspection of your entire roof structure, and

2. EXCLUSIVE EXPERTISE

SOLARHAWK's Master Roofer will then provide you a personalized assessment of your roof related to your solar installation in addition to any concerns related to your home's entire roof structure. Our Master Roofer is also available to perform any roof-related duties should their expertise be required or requested by you.

3. EMERGENCY SERVICES

In addition to all of American Solar Direct's warranties, SOLARHAWK's roofing expert will provide you with a free Emergency Service estimate (within 24 hours of your Emergency call) during your Premium Plan for issues related to any part of your roof.
