\*Written complaint received regarding maggots found in salsa

Spoke with manager on duty. He was aware of the complaint(also sent to corporate) and showed me the e-mail attached photo of the salsa.

Salsa is received from an approved distributor. The case and bags are sealed. Bags are then opened and salsa is poured into pans. Pans were found covered in the refrigerator. Pans are then placed on the serving table as needed.

No flies were observed during the inspection.

"White" objects in salsa are part of the jalapeno pepper(seeds)
