

September 17, 2022

Dear Homeowners & Residents,

The annual architectural review homes inspection scheduled for August did not take place due to unexpected staffing changes at Rosewood Management.

It has been noted that some of our owners and residents made some improvements in the curb appeal of their homes in anticipation of the inspection. We offer our sincere appreciation for those efforts because improved curb appeal benefits the entire community and our property values. Thank you for taking the time and effort to improve the appearance of your homes.

We will schedule the next annual architectural review inspection in Spring 2023. We will, of course, notify you in writing at least 30 days in advance once we've set the date.

Thank you for your understanding and for doing your part to help maintain the high curb appeal of our community.

Sincerely,
Board of Directors
Heritage Square Homes Association
