Ponderings from the Pastor.....

Grace, mercy, and peace, to all of you from God our Father, and our Lord and Savior, Jesus Christ.

As I write this note I am sitting in my room at the Catholic Seminary St. Mary on the Lake in Mundelein, Illinois.

We had a wonderful Vespers service, and good fellowship with the brother and sister pastors, and with our Roman Catholic hosts.

Our Pledge of Allegiance reminds us that we are one nation under God, indivisible, and this is both seen and experienced here in Chicago. This is the same experience we have at Our Savior too. Our congregation is made up of many different religious experiences and denominations, but we too are one congregation under God, indivisible, and with salvation for all.

What a blessing this is for all of us! That out of many different backgrounds we become

one! One fellowship, one group, and one church, doing our best to serve Jesus and our people.

As we enter into the Fall and the holidays of Thanksgiving and Christmas, it is good for all of us to be reminded that Jesus is the 'reason for the season' – it was his sacrifice that brought us the blessings of eternal life with him in Heaven. Isn't that a wonderful gift for us to remember as we enter into our sharing with friends and family at Christmas? I think so!

Peggie Sue and I finished our first year with you on the 27th of August – does that even seem possible?

We have all become closer in this year and I especially look positively forward for our future.

God bless you all!

Pastor Steve

...from the President's pen

As summer fades into a memory, we have been blessed by avoiding hurricanes or any other disastrous events. Although we have been visited by snakes, fire ants, and Iguanas, we have had the Good Lord to protect us from injury. However, we must be prepared for the onslaught of germs coming from the northern environs. Get your Flu shots now!

Our ranks are slowly, but surely growing from reaching out into the local community. Our commitment to, and partnership with, the El Jobean Community League has been a help in both directions. We look forward to continuing this relationship into the future.

We have now included a means of donating to the Church through electronic means by opening a PayPal account, and placing access to it on our Website. As long as you have a PayPal Account, and attach it to your bank account, you may declare Our

Savior Lutheran Church as your "Friend", and transfer money by sending it to donate@oslc-lcmc.com. There are no fees attached, and an announcement of a donation is sent to our Treasurer, with a receipt going to the donor. Isn't progress wonderful?

As we move into the holiday seasons, I wish you a Happy Thanksgiving, and a Blessed Christmas and a Happy New Year to all!

Blessings to all,

What would cause most Americans to switch Churches?

It's not the Music, Youth programs, or even a change in Preacher. Instead it is a shift in a church's beliefs. A new study has found that for the great majority of Americans, the number one reason they go to church is to hear sermons that teach about the Bible and how to apply God's word to their lives.

It should come as a breath of fresh air for those worried about the over-the-top nature of some of today's church services that 83% of Protestants say that sermons about Biblical lessons are a major factor that keeps them coming back to a church and close behind with 80% were sermons that help to apply God's Word in everyday life.

When 1,100 Protestants were surveyed, 15% of them reported to have considered switching churches in the past six months, but interestingly it would seem that switching is actually less common. A full 62% of respondents had attended their church for at least 10 years and, of those 27% had attended the same church for 25 year or more!

Those who had stayed with the same congregation between five and nine years represented another 17% of Protestants surveyed. Though the survey didn't take into consideration reasons for individual changes, there are other factors besides those connected to the church itself, such as moving out of the area for work or marriage, that may also affect the percentages.

Not withstanding, if someone is considering a change to a new church in the same area, odds are that they have already visited it (54%) to see whether it fits with their beliefs and worship style.

So how does a church retain its congregation? The evidence indicates that preaching on Scripture and its relevance to the lives of the Christians in the pews is the best way (68%) followed by community outreach programs(61%) and social activities (49%) that can help reinforce that sense of community.

This Article was taken from the internet— Author unknown. However, I thought it was interesting enough to share with our congregation how a church retains its members.

1. Preaching on Scripture—Pastor Steve does a great job on this every Sunday!
2. Community Outreach—Jesus Loves You Ministry led by Geri McGary and our New Concert Series beginning in December.
3. Social Activities— Potluck dinners, Birthday and Anniversary celebrations, out to lunch at a restaurant after church on Sunday's.

If you have any ideas for Outreach or Social activities just let one of the Council members know. Which is a good lead in to the next question.... **Do you know who the Council members are?**
