

NATIVE ONE ADVISORY & INSURANCE

NativeOne Advisory is the insurance division of the NativeOne Companies and participates in the billion dollar insurance industry. Tribal enterprises and Indian casinos currently pay millions in fees for services that *NativeOne* can provide.

Giving Back is at the core of the NativeOne business model. NativeOne offers a portion of its profits back to our Tribal clients in the form of "educational funds," for higher education scholarships for Tribal members. In most incidences NativeOne can assume control over the Tribes insurance policies by executing a simple **BOR** (Broker of Record document).

Many U.S. Corporations, Municipalities and Federal Agencies are well rewarded with tax advantages and other benefits when they work with a Native-owned firm or invest in a Native company. With NativeOne Advisory offering a full line of Insurance products: Health, Liability, Pension Funds, Employee Benefits, Auto insurance and more will establish a broader base of services offered to Tribes and to Corporate America. NativeOne can open many doors for new business throughout North America.
