

**MSC-6KLP**  
**6,000 lbs**  
**Low Profile,**  
**Mobile Single**  
**Column Lift**

Our Single Column Mobile style lift features fully adjustable arms and is designed to work on a smooth surface. The MSC-6KLP conveniently rolls under the vehicle or uses the unique drive over design to easily position lifting points. A great addition to any garage!

***New Improved Low Profile design  
with less than 4" minimum height and  
'double telescoping' Screw Pads with  
2-3/4" adjustable height!***
