

The time is now - the floor is dangerous. Our buildings are filled.

The Marquette County Youth Organization has a need for bigger better animal housing for the Fair. Our proposed building will be 42x100x12 and can be used to house the rabbits and poultry thus making more room in the Livestock building for our increasing number of swine, sheep and goats each year. Growth is good. We are proud of our kids and what they can do. We want them to be proud to show their animals at the Marquette County Fair. During the off season we can use this same building for boat and camper storage and to host other events.

Our Goal: \$100,000 for the building and other needed improvements at the fairgrounds. Final projects will be based on total raised.

We need strong partners to make this a reality before the fair!
