To whom it may concern:

On behalf of the City of Bradenton Beach I would like to take this opportunity to commend Southern Cross Contracting and Tom Edwards and Jeff Morgenstern in particular for their outstanding job on the Pier Revitalization Project.

At all times their professionalism was exemplary even in the most adversarial situation and the finished product is a credit to all involved.

The City would not hesitate to recommend Southern Cross Contracting to anyone desiring a professional and timely project.

Thank you again for something the City of Bradenton Beach can be proud of in years to come.

Sincerely,

John R. Chappie, Mayor
