

Emergency Medical Services for Children (EMSC) Performance Measures

Performance Measure 01	The degree to which EMS agencies submit NEMIS compliant version 3.x data to the State EMS Office.
Performance Measure 02	The percent of EMS agencies in the state or territory that have a designated individual who coordinates pediatric emergency care.
Performance Measure 03	The percent of EMS agencies in the state or territory that have a process that requires EMS providers to physically demonstrate the correct use of pediatric-specific equipment.
Performance Measure 04	The percent of hospitals with an Emergency Department (ED) recognized through a statewide, territorial, or regional standardized program that are able to stabilize and/or manage pediatric medical emergencies.
Performance Measure 05	The percent of hospitals with an Emergency Department (ED) recognized through a statewide, territorial, or regional standardized program that are able to stabilize and/or manage pediatric trauma.
Performance Measure 06	The percentage of hospitals with an Emergency Department (ED) in the state or territory that have written interfacility transfer guidelines that cover pediatric patients and that include pre-defined components of transfer.
Performance Measure 07	The percentage of hospitals with an Emergency Department (ED) in the state or territory that have written interfacility transfer agreements to cover pediatric patients.
Performance Measure 08	The degree to which the state or territory has established permanence of EMSC in the state or territory EMS system.
Performance Measure 09	The degree to which the state or territory has established permanence of EMSC in the state or territory EMS system by integrating EMSC priorities into statutes or regulations.
